Minotti

Il 2019 segna per Minotti l'affermazione di un nuovo linguaggio stilistico che attesta un codice di decorazione inedito, miscelando stili diversi e dando vita a una nuova visione d'interior design. Espressione della continua evoluzione del brand, che si proietta nel futuro grazie alla capacità dell'azienda di rinnovarsi costantemente e di accogliere le voci di designer con matrici culturali diverse, il nuovo codice è declinato nel progetto architettonico espositivo per il Salone del Mobile. Milano e fortemente sinergico con i prodotti esposti. Un linguaggio compositivo di grande impatto – sviluppato con forme fluide, sottolineate dall'uso del gesso e del bianco che plasmano le superfici con un effetto tridimensionale – crea una scenografia dinamica e coinvolgente.

Il concept d'architettura d'interni, che si sviluppa su 2.000 mq, è giocato su forme organiche e linee curve che disegnano lo spazio in modo fluido, con pareti sinuose realizzate in essenza e in gesso, caratterizzate dalla presenza di articolate geometrie e bassorilievi, mentre un pavimento in legno di larice spazzolato copre l'intera superficie creando continuità visiva ed evidenziando l'estesa area espositiva.

L'ospite è accolto da una grande reception circolare, interamente rivestita in acciaio mirror, dove viene immediatamente sorpreso dalla presenza di elementi inattesi, a partire dall'ampia apertura circolare a svaso nel soffitto, disegnata come un grande oculo, su cui affaccia il mezzanino in prossimità della zona d'entrata e di massimo transito.

La corsia centrale ripartisce lo spazio espositivo in due aree distinte. Una vetrata suggestiva delimita la zona più ampia, con una porzione di soffitto a doppia altezza, a cui si accede da un corridoio connotato da un box light a soffitto e da una lunga parete in gesso a gole. Sul lato interno, la stessa parete è scenograficamente caratterizzata dall'originale pattern grafico con un gioco geometrico di curve, creato da Minotti Studio, che si ritrova riprodotto anche nei grandi tappeti con un tufting di diverse altezze. Lo stesso segno è diventato un'icona grafica dell'invito al Salone del Mobile.Milano 2019 e della copertina del catalogo Indoor. Al centro del living, il grande camino, presenza-simbolo costante delle scenografie immaginate dal brand, è interpretato in versione free standing da una forma organica e dinamica e connotato da un disegno astratto a bassorilievo che anima le superfici suggerendo dinamismo e originalità. Rispondendo all'idea di un grande living, l'allestimento è organizzato in zone

relax, conversazione, dining e outdoor che mettono in valore tutti gli elementi della 2019 Collection, firmati da Rodolfo Dordoni, Christophe Delcourt, Nendo, Marcio Kogan / studio mk27 e GamFratesi. Le ambientazioni esprimono un mood di grande solarità, dove la presenza di una gamma cromatica, creata in esclusiva per tessuti, pelli e cuoi, sottolinea la plasticità dei volumi e la scelta dei materiali ed evidenzia la matericità delle superfici, suggerendo l'idea di una casa con un paesaggio domestico che ospita la natura al suo interno. Un'isola ovale centrale, con alte piante verdi che salgono fino al mezzanino, accoglie alcuni arredi da esterno disegnati da Nendo per la 2019 Outdoor Collection, poi ampiamente esposta anche sul fondo dello spazio, caratterizzato dall'aerea parete dal pattern traforato a cerchi e dal pavimento rialzato rivestito in pietra Beola Argentata che accoglie gli elementi disegnati da Marcio Kogan / studio mk27 e Nendo. Scorci di giardini interni, con pavimentazione in Beola e con una forte presenza di vegetazione, scandiscono il ritmo della casa dove entra la natura.

L'area retrostante la reception, ospita tre configurazioni living diverse e un video wall di 3,30 x 2,50 m, dove è proiettata una serie di video realizzati da Minotti, tra cui quello del nuovissimo Waves Resort, la struttura architettonica virtuale concepita da Minotti Studio, che contestualizza la 2019 Collection, in una situazione Hospitality di grande fascino e spettacolarità.

Due importanti scale elicoidali, capaci anch'esse di essere un forte gesto architettonico del progetto e poste alle due estremità dello spazio, portano al livello superiore, caratterizzato dallo scenografico soffitto a specchio che amplifica l'ambiente e dal maxi oculo circolare posto al centro e affacciato sulla corsia che attraversa il piano terra. Il mezzanino, con pareti curve e andamento sinuoso del percorso, è progettato come la lounge di un hotel, in una successione di zone conversazione, con la presenza di un camino a doppio affaccio e con una sezione dedicata all'area operativa. Uno spettacolare maxi schermo curvo - di ben 6 x 2 m - invita gli ospiti alla visione del video dedicato al progetto Hospitality 2019 e di altre produzioni video realizzate dall'azienda.

Il progetto allestitivo è una delle espressioni della nuova visione di Minotti sull'interior design, che caratterizza le immagini dei cataloghi 2019 e la campagna stampa, e che presto andrà a connotare la customer experience nei flagship store del marchio nel mondo.

2019 marks the affirmation of a new stylistic language for Minotti that embraces a fresh new approach to decor, mixing different styles and creating a new vision of interior design. As expression of the brand's ongoing evolution looking to the future, strong in its ability to renew itself constantly and to welcome the voices of designers from different cultural backgrounds, this new approach is revealed in the architecture of the exhibition project for the Salone del Mobile.Milano, and shows a powerful synergy with the products on display. A compositional language of striking impact – that takes shape through fluid forms, highlighted by the use of plaster and by the white walls that mould the surfaces with a three-dimensional effect – creates a dynamic and exciting set design for the exhibit space.

The interior design concept for this area, covering 2,000 sqm, involves a play of organic shapes and curving lines that mark out the space in a fluid way, with sinuous walls made of wood and plaster and featuring complex geometric patterns and bas-reliefs. The entire surface is covered with a brushed larch-wood floor, creating visual continuity and high-lighting the full extent of the exhibition area.

Visitors are welcomed by a large circular reception area covered entirely in mirror-effect steel, and then attracted by unusual features, starting with the large circular embrasure opening in the ceiling, designed as an oculus, which comes into view as people enter the mezzanine level near the entrance, where visitor flow is at its peak.

The central aisle divides the exhibition space into two distinct areas. An imposing floor-to-ceiling window marks off the largest area, with a portion of the ceiling at double height; access to this area is through a corridor featuring a light box in the ceiling and a long wall in grooved plaster. On the internal side, the wall features a striking graphic pattern created by Minotti Studio, with a geometric interplay of curves, which is also reproduced in the large rugs with tufting of different heights. The same feature appears as a graphic sign on the invitation to Salone del Mobile.Milano 2019 and on the cover of the Indoor catalogue. In the centre of the living area is a large fireplace, an element that is a constant symbolic presence in the Minotti environments; here it is a free standing version with an organic, dynamic shape, featuring an abstract pattern in bas-relief that enlivens the surfaces, suggesting dynamism and originality. In response to the idea of a large living area, the exhibit

space is organized into relaxation, dining, conversation and outdoor zones, highlighting all the elements of the 2019 Collection, designed by Rodolfo Dordoni, Christophe Delcourt, Nendo, Marcio Kogan / studio mk27 and GamFratesi.

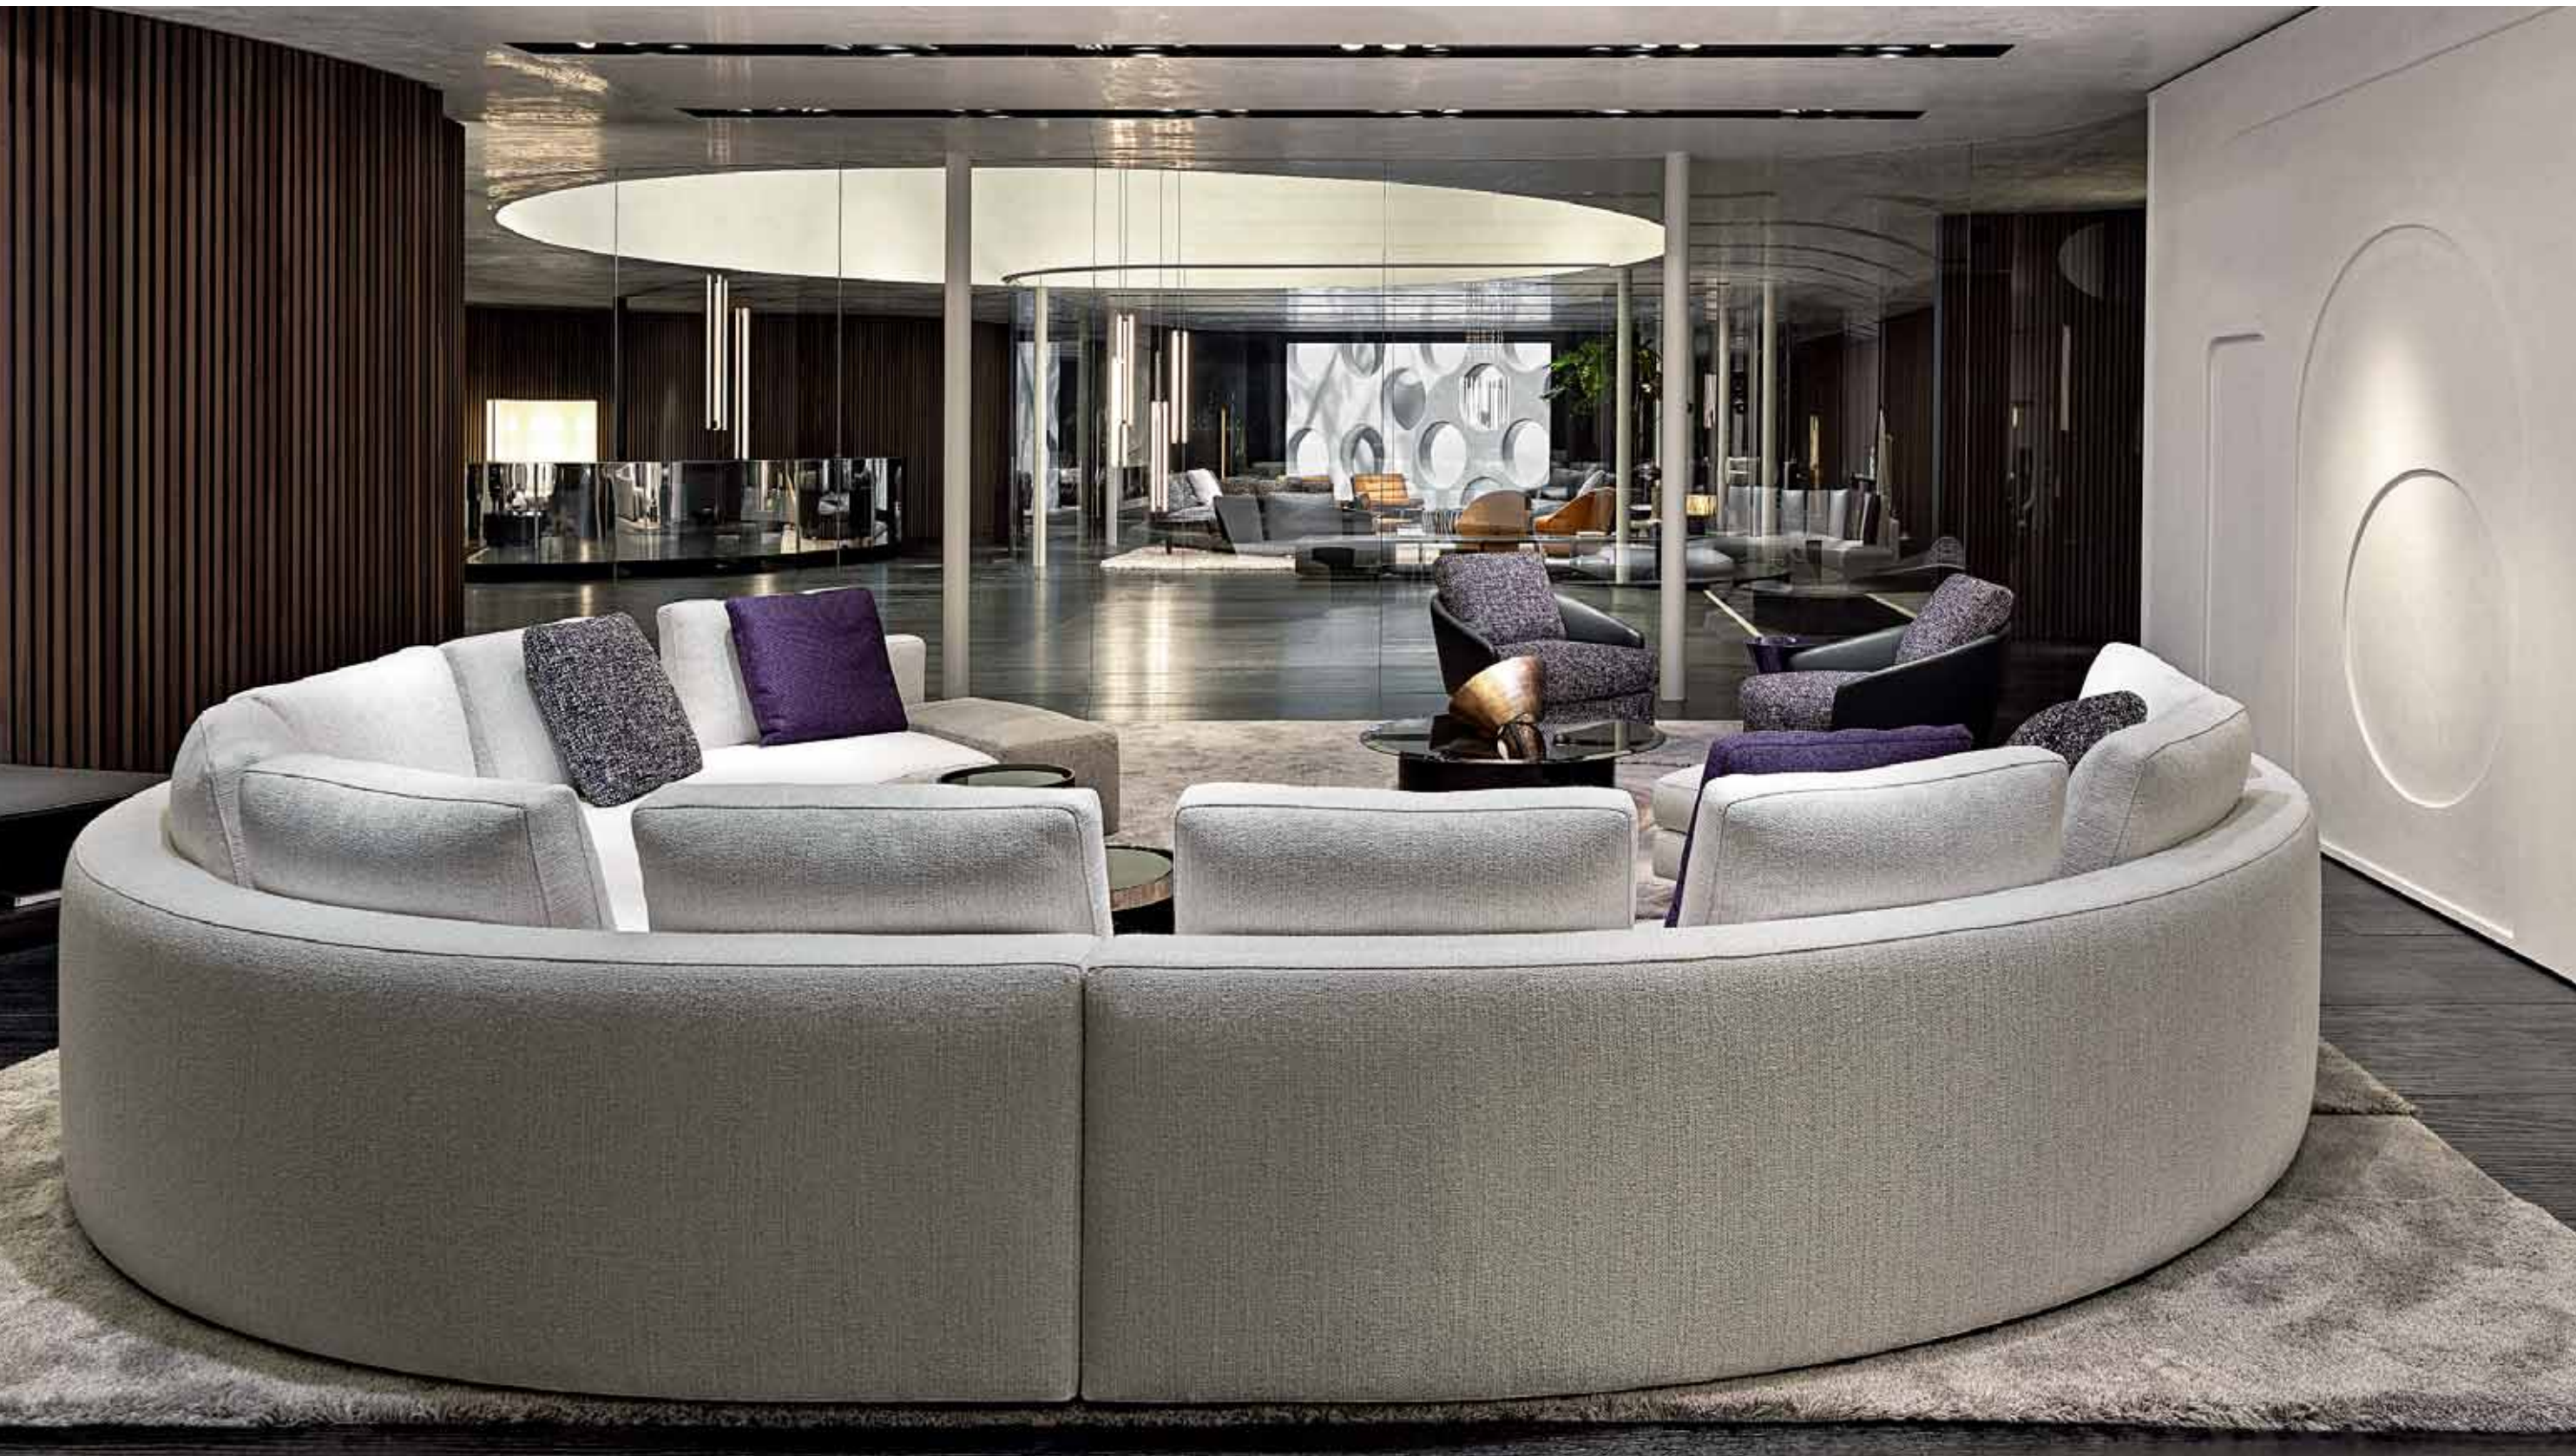

The settings express a particularly radiant mood, where the spectrum of colours, created exclusively for the fabrics and leathers, emphasizes the plasticity of the shapes and the choice of materials, and highlights the textures of the surfaces, suggesting the idea of a home with a domestic landscape that accommodates nature within it. A central oval island, with greeneries reaching as high as the mezzanine, houses some pieces of outdoor furniture designed by Nendo for the 2019 Outdoor Collection; the collection is also extensively displayed in the background to the space, which features an aerial wall with a pattern of circular holes and a raised floor finished in Beola Argentata, on which pieces designed by Marcio Kogan / studio mk27 and Nendo are arranged. Views of green corners, with Beola paving and an abundance of vegetation, mark the rhythms of the house where nature has come inside.

The area behind the reception accommodates three different living arrangements and a 3.30 x 2.50 m video wall, projecting a series of videos produced by Minotti, including the video of their brand-new *Waves Resort*, the virtual architectural structure conceived by Minotti Studio, that contextualizes the 2019 Collection within a fascinating and spectacular Hospitality environment.

Two large spiral staircases, also provide a striking architectural element for the project, located at either end of the space, and leading to the upper level with its dramatic mirror ceiling, making the environment appear larger, with a large circular oculus in the centre overlooking the aisle that runs along the ground floor. The mezzanine, which winds along a sinuous route with curved walls, is designed like the lounge of a hotel with a succession of conversation areas, and features a double-sided fireplace and a section dedicated to the operations area. A spectacular curved maxi screen – 6 x 2 m – invites visitors to watch the video dedicated to the 2019 Hospitality project and other videos produced by the company.

This exhibition project is an expression of Minotti's new vision of interior design, that characterizes the images in the 2019 catalogues and the press campaign, that soon will compete to create the customer experience at Minotti flagship stores around the world.

Un tessuto *haute-couture* che ben identifica lo spirito da editore di Minotti, capace di creare ogni anno una linea tessile originale, pensata per valorizzare i modelli delle collezioni Indoor. Chantal rimanda a texture con un'impronta da *maison* sartoriale, dove il bianco e nero del fondo è qui illuminato da pennellate di colore, rese materiche da un filo di ciniglia tridimensionale. Un pattern di grande impatto visivo per un tessuto molto morbido al tatto, con una struttura che dà volume ai prodotti e ne sottolinea la sartorialità della confezione. La palette colori è declinata in tonalità Cenere, Grafite, Ruggine, Salvia, Castagno e Gelso, interpretati in chiave pop con un rimando allo spirito Seventies.

A *haute couture* fabric that epitomises the creative spirit of Minotti, capable of creating an original textile line every year, especially designed to enhance the styles of the Indoor collections. Chantal evokes the feel of finely tailored creations, and here the black and white of the background is illuminated by brush strokes of colour, with a three-dimensional chenille thread adding texture. A pattern with a striking visual impact for a fabric that is supersoft to the touch, structured to add volume to the products and stress the exquisite craftsmanship of the tailoring process. The colour palette is comprised of Ash Grey, Graphite, Rust, Sage, Chestnut and Mulberry, interpreted in a pop key with vintage vibes from the Seventies.

Dieser *Haute-Couture-Stoff* bringt Minottis erfinderischen Geist, durch den jedes Jahr eine originelle Textillinie kreiert wird, um die Modelle der Indoor-Kollektion aufzuwerten, klar zum Ausdruck. Die Texturen von Chantal sind der Schneiderkunst entlehnt: der schwarz-weiße Hintergrund wird von farbigen Pinselstrichen beleuchtet, die durch den dreidimensionalen Chenille-Faden eine materische Note erhalten. Ein Muster von großer optischer Wirkung für einen Stoff, der sich weich anfühlt und eine Struktur aufweist, die den Produkten Volumen verleiht und deren handwerkliche Verarbeitung unterstreicht. Die Farbpalette umfasst die Nuancen Asche, Graphit, Rost, Salbei, Kastanie und Maulbeere, die im Pop-Stil interpretiert werden und an die Seventies anspielen.

Un tissu *haute couture* qui illustre clairement l'âme créatrice de tissus qui distingue Minotti, une entreprise à même de donner vie chaque année à une ligne textile originale pensée pour mettre en valeur les modèles des collections Indoor. Chantal se distingue par des textures rappelant les grandes maisons de mode où le noir et blanc du fond est ici illuminé par des traits de couleur matérialisés par un fil chenille tridimensionnel. Un motif spectaculaire pour un tissu très doux au toucher dont la structure confère du volume aux produits tout en soulignant l'excellence de la confection. Chantal est disponible dans les couleurs Cenere, Graphite, Rouille, Sauge, Châtaignier et Mûrier déclinés dans un registre pop rappelant l'esprit des Seventies.

Con una struttura importante, Standard è realizzato in una preziosa fibra lungo Tiglio di lino 100% pettinato a umido e tinto in filo, una tecnica di tintura che mantiene la tridimensionalità originaria. Presenta una telatura di fondo a doppio subbio che ne aumenta la stabilità dimensionale limitandone lo stropiccio. Il particolare finissaggio rende la mano e l'aspetto molto luminoso, elegante e gradevole al tatto. La gamma cromatica è molto vasta, con rimandi al mondo naturale e giochi di contrasti tra trama e ordito che mettono in risalto la presenza di tonalità anni Settanta, abbinabili al cuoio e alle pelli. Lo studio cromatico condotto per la 2019 Collection, ha infatti permesso di sviluppare referenze perfettamente coordinate ai nuovi colori del cuoio e della pelle Safari.

With its majestic frame, Standard is made using 100% long pile wet spun hackled flax fibre, yarn-dyed to maintain its original three-dimensional quality. It is supported by a double warp weave that boosts dimensional stability and reduces creasing. Its particular finish gives it a pleasant feel, and a bright, elegant look. It comes in an extensive range of colours, with references to the natural world and contrasts between warp and weft designed to enhance the Seventies-inspired shades, which can be matched with the saddle-hides and leathers. The colour study performed for the 2019 Collection has indeed resulted in the development of shades which perfectly match the new colours of the Safari saddle-hide and leather materials.

Standard zeichnet sich durch eine beeindruckende Struktur aus und wird aus wertvollem durchgefärbtem, feuchtgesponnenem 100% Langfaserleinen hergestellt. Durch die eingesetzte Dreidimensionalität bewahrt. Der doppelte Schussfaden erhöht die Dimensionsstabilität und die Knitterfestigkeit. Aufgrund des besonderen Oberflächenfinish wirkt das Produkt leuchtend und elegant und fühlt sich angenehm an. Die Farbpalette ist sehr umfangreich: die Naturtöne und die Kontrastspiele zwischen Schuss und Kette werten die Farbtöne aus den 70er Jahren auf, die mit dem gegerbten Kernleder und dem Leder kombiniert werden können. Die für die 2019 Collection durchgeführte Farbstudie hat zur Entwicklung neuer Nuancen geführt, die perfekt auf die neuen Farben des gegerbten Kernleders und das Leder Safari abgestimmt sind.

Se distinguant par son imposante structure, Standard est réalisé à partir de précieuses fibres 100% en lin Tilleul peignées mouillées et teintées en fil, une technique de teinture qui préserve leur tridimensionnalité initiale. Il se caractérise par un tissage à double ensouple qui augmente la stabilité dimensionnelle et limite le froissement. Sa finition particulière lui confère une texture et un aspect très lumineux, élégant et agréable au toucher. Standard se décline dans une très riche palette comprenant des références au monde naturel ainsi que des jeux de contrastes entre la trame et la chaîne mettant en valeur les tonalités d'inspiration années 70 qui peuvent être assortis avec les cuir selliers et les peaux. L'étude chromatique réalisée pour la 2019 Collection a en effet permis de développer des références parfaitement coordonnées avec les nouveaux couleurs du cuir sellier et de la peau Safari.

Con un'ispirazione dichiaratamente Seventies legata alle collezioni moda del periodo, Timothy ha una struttura jacquard che crea un interessante effetto a chicco di riso. Il filato 100% ciniglia crea sulla superficie una texture vellutata al tatto, particolarmente morbida. La palette offre variazioni cromatiche sui toni naturali del Bianco, Sabbia e Fumo, accesi da tonalità Verde Prato, Ruggine e Gelso. Grazie alla sua struttura morbida è ideale per il rivestimento di cuscini e poltrone, anche in abbinamento con i nuovi colori della pelle che vestono i modelli della collezione. **Il tessuto Timothy è un tessuto di ciniglia in poliestere e perciò viene lavorato e confezionato utilizzando i canoni tradizionali della tappezzeria classica, ovvero rispettando il verso verticale del tessuto.**

With an obvious Seventies inspiration linked to the fashion collections of that period, Timothy has a jacquard structure that creates an interesting ricegrain texture. The 100% chenille yarn produces a particularly soft velvety texture on the surface. The palette offers chromatic variations on the natural shades of White, Sand and Grey, brightened up by chroma Green, Rust and Mulberry tones. Its soft structure makes it ideal for upholstery cushions and armchairs, also to match the new shades of leather used in the pieces of the collection. **Timothy fabric is a polyester chenille fabric and therefore it is realized and manufactured using the traditional classic upholstery standards, namely respecting the vertical line of the fabric.**

Timothy ist eindeutig von den Modekollektionen der Seventies inspiriert und zeichnet sich durch eine Jacquard-Struktur aus, die einen interessanten Reiskorn-Effekt entstehen lässt. Das 100% Chenillegarn erzeugt eine besonders weiche, samtige Textur auf der Oberfläche. Die Palette bietet chromatische Variationen in den natürlichen Tönen Weiß, Sand und Rauch, die durch die Nuancen Grasgrün, Rost und Maulbeere erhellt werden. Dank seiner weichen Struktur ist es ideal zum Beziehen von Kissen und Sesseln, auch in Kombination mit den neuen Lederfarben der Kollektion. **Der Stoff Timothy ist ein Chenillestoff aus Polyester und wird daher nach den traditionellen Standards klassischer Polsterer verarbeitet wird, die vertikale Richtung des Stoffes wird respektiert.**

Ouvertement inspiré des années 70 et rappelant les collections mode de cette époque, Timothy se distingue par une structure jacquard créant un intéressant effet grain de riz. Le fil 100% chenille confère à la surface une texture veloutée au toucher particulièrement douce. La palette offre des variations chromatiques dans les tons naturels du Blanc, du Sable et du Gris Fumé par des nuances Vert Gazon, Rouille et Mûrier. Sa structure douce en fait un revêtement idéal pour les coussins et les fauteuils, notamment en combinaison avec les nouveaux couleurs du cuir des modèles de la collection. **Timothy c'est une tissu de chenille polyester, donc il est traité et confectionné avec méthode traditionnel de tapisserie classique, en respectant la direction verticale du tissu.**

Un mix di filati - cotone, ciniglia e viscosa - con caratteristiche percettibilmente differenti l'uno dall'altro e che rispondono in maniera diversa al colore, dà vita a un tessuto apparentemente monocromatico nelle tinte tono su tono, con un effetto fiammato. Con una mano morbida al tatto, Fisher ha un'estetica naturale, rassicurante, che ben interpreta l'attitudine di Minotti a trasformare e far evolvere nel tempo il suo stile. L'ampia tavolozza, con presenze di colori naturali, verdi e tonalità calde, unita alla buona tenuta del tessuto compatto, rendono Fisher un rivestimento trasversale su tutta la collezione.

A mix of yarns - cotton, chenille and viscose - with notably diverse characteristics and responses to colour, breathes life into what appears to be a monochromatic fabric in tone-on-tone shades, with a flamed effect. With its soft feel, Fisher has a natural, reassuring look that conveys the drive with which Minotti transforms its style to ensure its evolution over time. The vast colour palette, including natural shades, greens and warm tones, combined with the excellent performance of the compact fabric, make Fisher the ideal material for a transversal use throughout the collection.

Durch eine Mischung aus Garnen - Baumwolle, Chenille und Viskose - mit deutlich voneinander abweichenden Eigenschaften und die unterschiedlich auf die Farbe reagieren, entsteht ein monochromatisches Gewebe in Ton-in-Ton-Farben mit geflammtem Effekt. Fisher zeichnet sich durch eine weiche Textur und eine natürliche, anmutige Optik aus, welche die Neigung von Minotti, seinen Stil im Laufe der Zeit zu verwandeln und weiterzuentwickeln, bestens interpretiert. Die breitgefächerte Palette mit natürlichen Farben, Grüntönen und warmen Nuancen, kombiniert mit dem hochwertigen kompakten Stoff macht Fisher zu einem idealen Bezug für die gesamte Kollektion.

Un mélange de fils - coton, chenille et viscose - ayant des caractéristiques sensiblement différentes et réagissant de manière distincte aux couleurs donne naissance à un tissu apparemment monochrome dans les teintes ton sur ton et avec un effet flammé. Avec sa texture douce au toucher, Fisher se distingue par une beauté naturelle et rassurante qui traduit bien l'aptitude de Minotti à transformer et à faire évoluer son style au fil du temps. La riche palette incluant des couleurs naturelles, des verts et des tonalités chaudes, ainsi que la bonne tenue du tissu compact, font de Fisher un revêtement pouvant être utilisé avec tous les produits de la collection.

Ispirato ai tessuti in lana delle collezioni moda degli anni Settanta, Kerlin presenta un'estetica con cromatismi variegati, espressi dal filato bicolore frisè, e sfumature di toni in armonico contrasto con il colore bianco del fondo. L'effetto di profondità e l'aspetto irregolare sono creati dal filato Jaspé irregolare a composizione di lana tessuto insieme a un filato di ciniglia con titolo alto di viscosa. Il particolare finissaggio rende il tessuto morbido al tatto e allo stesso tempo stabile, e ne consente l'impiego per il rivestimento di poltrone, panche, pouf e cuscini. Il suo effetto cromatico a contrasto lo rende ideale per essere coordinato con le pelli della collezione, creando abbinamenti con strutture imbottite in pelle e cuscini in tessuto.

Inspired by the wool fabrics of Seventies fashion, Kerlin introduces a look made up of variegated colour effects, expressed by its two-colour frieze yarn, and nuances of tones in harmonious contrast with the white base colour. This sensation of depth and its irregular look are created by the two-colour Jaspé yarn, made by intertwining wool and chenille, the latter with a high viscose content. This unusual finishing makes the fabric soft to the touch yet stable at the same time, and so ideal for upholstering armchairs, benches, ottomans and cushions. Its contrasting colour effect makes it a perfect match for the leathers in the collection, creating combinations featuring leather upholstery and fabric cushions.

Kerlin wird von den Wollstoffen der Modekollektionen der 70er Jahre inspiriert und weist eine Ästhetik mit verschiedenartigen Chromatismen auf, die durch das zweifarbige Frisé-Garn und die harmonischen Töne im Kontrast mit dem weißen Hintergrund zur Geltung kommen. Der Tiefeneffekt und das unregelmäßige Aussehen werden durch das zweifarbige Jaspé-Garn, das aus gewebter Wolle und aus einem Chenille-Garn mit einem hohen Viskose-Titel besteht, erzeugt. Durch das besondere Finish wird der Stoff weich und gleichzeitig stabil und kann zum Beziehen von Sesseln, Bänken, Poufs und Kissen verwendet werden. Durch den kontrastierenden Farbeffekt ist es ideal, um mit den Lederausführungen der Kollektion koordiniert zu werden, wodurch Kombinationen mit gepolsterten Lederstrukturen und Stoffkissen entstehen.

S'inspirant des étoffes de laine des collections de mode des années 70, Kerlin se distingue par une beauté riche en couleurs se traduisant par des fils frisés bicolores ainsi que par des nuances de tons en harmonieux contraste avec le blanc du fond. Le fil jaspé bicolore, en laine, tissé avec du fil chenille à haute teneur en viscose donne naissance à un effet de profondeur et à un aspect irrégulier. La finition particulière confère au tissu une grande douceur au toucher tout en garantissant sa stabilité, ce qui permet de l'utiliser pour le revêtement de fauteuils, de bancs, de poufs et de coussins. Grâce à son effet en contraste de couleurs, il peut parfaitement être assorti avec les peaux de la collection pour créer de très belles associations avec les structures rembourrées en cuir et les coussins en tissu.

Una struttura panama rassicurante definisce l'estetica di Lionel dove un filato di ciniglia a cordonetto si interseca a disegnare l'intreccio di una macrotela. Il doppio subbio della trama assicura nel tempo la consistenza del tessuto e lo rende resistente allo stropiccio. La speciale composizione di filati, le loro dimensioni e qualità intrinseche, gli conferiscono un tatto dolce, gradevole e confortevole. Lionel, espressione dei tratti distintivi della *maison* Minotti, è il rivestimento ideale per i sistemi di sedute con volumi quadrati, poiché la macrotela ne segue perfettamente i contorni, sottolineandone le forme. La gamma cromatica è declinata in colori sobri, resi brillanti dal cordonetto in ciniglia.

A reassuring panama structure defines the aesthetic of Lionel, in which threads of chenille cordonet yarn intertwine to form the criss-cross motion of a macroweave. The double warp of the pattern ensures the consistency of the fabric over time and renders it crease-resistant. The special composition of yarns, their sizes and intrinsic qualities give it a soft, pleasant, comfortable feel. Lionel, which expresses the distinctive traits of the Minotti brand, is the ideal covering for seating systems with square volumes, as the macroweave perfectly clings to their lines, emphasising their shapes. It comes in a range of sophisticated colours, to which the chenille cordonet adds shine and glamour.

Lionel weist eine anmutige Panama-Struktur auf, in die ein Chenille-Garn-Cordonnet eingefügt wurde, um das Geflecht der grobnetzigen Textur zu bilden. Der doppelte Schussfaden verleiht dem Stoff eine gewisse Konsistenz und macht es außerordentlich knitterfest. Die besondere Zusammensetzung der Garne, ihre Abmessungen und Eigenschaften machen den Stoff weich, angenehm und komfortabel. Lionel ist ein charakteristischer Stoff der *Maison* Minotti und der ideale Bezug für Sitzprogramme mit kantigen Linien, da das Gewebe perfekt den Konturen folgt und die Formen hervorhebt. Die Farbpalette umfasst nüchterne Farben, denen das Chenille-Cordonnet eine leuchtende Note verleiht.

Lionel se caractérise par une rassurante structure nattée où un fil chenille à cordonnet se croise pour donner naissance au tressage d'une macro-toile. La double ensouple de la trame assure dans le temps la consistance du tissu et garantit sa résistance au froissement. La composition particulière des fils, leurs dimensions ainsi que leurs qualités intrinsèques lui confèrent un toucher doux, agréable et confortable. Parfaite expression des spécificités de Minotti, Lionel est le revêtement idéal pour les systèmes de sièges aux volumes carrés dans la mesure où la macro-toile épouse parfaitement les contours tout en soulignant les formes. La palette se décline en couleurs sobres rendues brillantes par le cordonnet en chenille.

Lavorato a jacquard, Thomas presenta una texture multicolore con effetti tridimensionali, ottenuta intrecciando trame e orditi con filati di diversa origine e natura. Il Bouclé disegna sulla superficie la puntinatura a contrasto cromatico, mentre un filato di ciniglia particolarmente sottile gli conferisce una mano piacevole e morbida. D'ispirazione sartoriale, legato alle collezioni degli anni Settanta, il tessuto è declinato in una gamma di 11 colori, interpretati in chiave pop, che vanno dal Cipria al Gelso, dal Senape al Salvia, al Bordeaux con la presenza di toni più sobri e luminosi di Argento. Thomas si presta a un uso trasversale su tutta la collezione.

With its jacquard effect, Thomas presents a multicolour texture with a three-dimensional look, obtained by intertwining the warps and weaves of yarns of different types and origins. The Bouclé yarn designs dots in contrasting colours on the surface, while a particularly thin chenille thread gives it a pleasant, soft feel. Inspired by the fine tailoring that characterised the fashion collections of the Seventies, it comes in a range of 11 colours with a pop vibe, ranging from Powder to Mulberry, from Mustard to Sage, to Bordeaux, with the presence of brighter, more sophisticated shades of Silver. Thomas is perfect to cover all the products of the Minotti Collection.

Thomas mit seinem Jacquard-Muster zeichnet sich durch eine mehrfarbige Textur mit dreidimensionalen Effekten aus, die man durch Weben von Schuss- und Kettfäden mit Garnen unterschiedlicher Herkunft und Beschaffenheit erhält. Das Bouclé lässt eine farblich kontrastierende Punktierung an der Oberfläche entstehen, während ein besonders dünnes Chenille-Garn einen angenehmen, weichen Touch verleiht. Dieser von der Schneiderkunst geprägte und von den Kollektionen der 70er Jahre inspirierte Stoff ist in 11 verschiedenen Farben, die im Pop-Stil interpretiert werden, erhältlich: von Puderrosa bis Maulbeere, von Senf bis Salbei, von Bordeaux bis zu den nüchternen und leuchtenden Silbertönen. Thomas kann für die gesamte Kollektion verwendet werden.

Tissé en jacquard, Thomas présente une texture multicolore aux effets tridimensionnels obtenue par tressage des trames et des chaînes avec des fils de différentes natures et origines. Le fil bouclé dessine sur la surface un pointillage en contraste de couleurs tandis qu'un fil chenille particulièrement fin lui confère un toucher agréable et doux. D'inspiration sartoriale, rappelant les collections des années 70, le tissu est proposé en 11 couleurs déclinés dans un registre pop allant du Poudre au Mûrier en passant par le Moutarde et le Saugé jusqu'au Bordeaux, sans oublier les tons plus sobres et lumineux de l'Argent. Thomas peut être utilisé avec tous les produits de la collection.

Con le sue tre eleganti versioni, Mayer si presenta come una vera e propria capsule collection all'interno della collezione tessile 2019, realizzata da Minotti con la stessa cura e know-how di un editore tessile. Si distingue per il suo aspetto tridimensionale e per la profondità dei colori che definiscono una nuova estetica che, senza eccessi, ma con sobria eleganza, sviluppa e fa evolvere il codice genetico del brand. Mayer Small è caratterizzato da trame jacquard tridimensionali in un acrilico con effetto frisé, percorse da un filato in ciniglia, viscosa e cotone, che crea contrasto e dà rilievo, pur restituendo un effetto di unito. Un tessuto versatile, ideale per rivestire anche i sistemi di sedute più articolati.

With its three elegant versions, Mayer is a true capsule collection inside the 2019 Minotti textile collection, created with the same attention to detail and know-how as that of a textile designer. It stands out for its three-dimensional look and for the depth of its colours, defining a new aesthetic that discreetly and elegantly develops and fosters the evolution of the brand without ever going too far. Mayer Small features three-dimensional jacquard patterns in a frieze effect acrylic material, created with a chenille, viscose and cotton yarn that appears amalgamated but succeeds in creating a contrasting, embossed effect. A versatile fabric, ideal for covering even the most complex seating systems.

Mit seinen drei eleganten Ausführungen stellt Mayer eine echte Capsule Collection innerhalb der Textilkollektion 2019 dar, die von Minotti mit der Sorgfalt und dem Know-how eines Textilherstellers realisiert wurde. Sie zeichnet sich durch ihren dreidimensionalen Aspekt und durch die Tiefe ihrer Farben aus, die eine neue Ästhetik definieren: diese entwickelt und erweitert ohne Übertreibung, aber mit nüchterner Eleganz den genetischen Code der Marke. Mayer Small zeichnet sich durch dreidimensionale Jacquard-Schussfäden aus Acryl mit Frisé-Effekt aus, die mit einem Garn aus Chenille, Viskose und Baumwolle gekreuzt werden, um einen gewissen Kontrast zu erzeugen und dennoch für eine harmonische Optik zu sorgen. Ein vielseitiger Stoff, der ideal als Bezug selbst für besonders komplexe Sitzprogramme geeignet ist.

Décliné dans trois versions très élégantes, Mayer se présente comme une véritable collection capsule au sein de la ligne textile 2019 confectionnée par Minotti avec le même soin et le même savoir-faire qu'un créateur de tissus. Mayer Small se distingue par son aspect tridimensionnel et par la profondeur de ses couleurs qui définissent une nouvelle esthétique développant et faisant évoluer, sans excès mais avec une sobre élégance, le code génétique de la marque. Mayer Small se caractérise par des trames jacquard tridimensionnelles tissées dans un fil acrylique à effet frisé et parcourues par un fil en chenille, viscose et coton qui crée un contraste et donne du relief tout en produisant un aspect uni. Un tissu polyvalent, idéal pour habiller même les systèmes de sièges les plus complexes.

Il tessuto Mayer Medium, con il suo pattern a pixel che disegna la superficie, è definito da un look matelassé con grafica moderna, accentuato dal gioco dei filati lavorati a jacquard. È una delle tre versioni di Mayer che si presenta come una vera e propria *capsule collection* all'interno della collezione tessile 2019, realizzata da Minotti con la stessa cura e *know-how* di un editore tessile. Un tessuto pensato per il rivestimento di divani, poltrone, panche e pouf.

The Mayer Medium fabric, with its surface designed by a pixelated pattern, is defined by a matelassé look with a modern graphic, accentuated by yarns worked to create a jacquard effect. It is one of the three versions of Mayer which appear as a true capsule collection inside the 2019 Minotti textile collection, created with the same attention to detail and *know-how* as that of a textile designer. A textile designed to cover sofas, armchairs, benches and ottomans.

Der Stoff Mayer Medium mit seinem pixelierten Muster wird durch eine Matelassé-Optik mit moderner Grafik definiert, die durch das Spiel von Jacquard-Garnen betont wird. Es handelt sich um eine der drei Ausführungen von Mayer, die eine echte Capsule Collection innerhalb der Textilkollektion 2019 darstellt und die von Minotti mit der Sorgfalt und dem *Know-how* eines Textilherstellers realisiert wurde. Ein Stoff, der als Bezug für Sofas, Sessel, Bänke und Poufs geeignet ist.

Avec son motif pixelisé dessinant la surface, le tissu Mayer Medium se caractérise par un aspect matelassé aux graphismes modernes qu'accentue le jeu des fils tissés en jacquard. Mayer Medium est l'une des trois versions de Mayer, un produit se présentant comme une véritable collection capsule de la ligne textile 2019 confectionnée par Minotti avec le même soin et le même savoir-faire qu'un créateur de tissus. Ce tissu est conçu pour revêtir les canapés, les fauteuils, les bancs et les poufs.

Lo sviluppo del pattern Mayer nella versione Large accentua l'aspetto *couture* del tessuto jacquard a trame tridimensionali. È una delle tre versioni di Mayer che si presenta come una vera e propria *capsule collection* all'interno della collezione tessile 2019, realizzata da Minotti con la stessa cura e *know-how* di un editore tessile. La tavolozza accoglie otto colori, dove il disegno pixelato ingrandito diventa protagonista. Mayer è pensato per il rivestimento di panche, pouf e cuscini a complemento di divani e sedute rivestiti con Mayer Small e Medium.

The Mayer pattern is developed in the Large version, highlighting the *couture* aspect of the jacquard fabric sporting three-dimensional patterns. It is one of the three versions of Mayer which appear as a true capsule collection inside the 2019 Minotti textile collection, created with the same attention to detail and *know-how* as that of a textile designer. The palette hosts eight colours, where the enlarged pixelated design plays a leading role. Mayer is designed for covering benches, ottomans, and cushions to complement sofas and chairs upholstered using Mayer in its Small and Medium versions.

Die Entwicklung des Mayer-Musters in der Ausführung Large unterstreicht den Couture-Aspekt des dreidimensionalen Jacquard-Gewebes. Es handelt sich um eine der drei Ausführungen von Mayer, die eine echte Capsule Collection innerhalb der Textilkollektion 2019 darstellt und die von Minotti mit der Sorgfalt und dem *Know-how* eines Textilherstellers realisiert wurde. Die Farbpalette umfasst acht Farben, wobei das vergrößerte Pixelmuster zum Protagonisten wird. Mayer ist besonders geeignet als Bezug für Bänke, Poufs und Kissen, die mit Mayer Small und Medium bezogenen Sofas und Sitzelementen kombiniert werden.

Sofisticato e dal look sartoriale, Kabuki è un velluto in lana mohair con superficie del pelo direzionata, particolarmente resistente alle schiacciate.

Kabuki è leggermente riflettente e cangiante alla luce grazie al vello superficiale direzionato ed è indicato per chi desidera un rivestimento dall'eleganza senza tempo e dal gusto sartoriale.

Il tessuto Kabuki è disponibile per cuscini, poltrone e sedute singole utilizzando i canoni tradizionali della tappezzeria classica, ovvero impiegando cuciture semplici e rispettando il verso verticale del tessuto.

Eventuali ordini per divani e sistemi componibili potranno essere confermati solo dopo verifica tecnica da parte del nostro ufficio commerciale.

Sophisticated and with a sartorial look, Kabuki is a mohair wool velvet with a directional nap surface, particularly resistant to crushing. Kabuki is slightly reflective and iridescent with light thanks to the directional nap. It is the perfect companion for the collection of re-edited pieces defined by the vintage style, but also for people who look for timeless elegance and a sartorial touch.

The Kabuki fabric can be used for cushions, armchairs and single seats in line with the traditional styles of classic upholstery, that is, with simple stitching that follows the vertical direction of the fabric. Orders for sofas and modular systems can only be confirmed once a technical check has been performed by our sales department.

Kabuki, raffiniert mit dem Look des typischen Stoffs für die Maßschneiderei, ist ein Mohair-Samt mit spezifisch ausgerichtetem Flor, der besonders druckfest ist. Kabuki ist leicht reflektierend und changierend mit dem einfallenden Licht, dank der spezifischen Ausrichtung des Samtflors. Der Stoff ist perfekt für die Kollektion der Neuausgaben mit Vintage-Charakter, aber auch für Kunden, die Bezüge von zeitloser Eleganz und schneiderischem Wert suchen.

Der Stoff Kabuki ist für Kissen, Sessel und einzelne Sitzelemente erhältlich, wobei die traditionellen Maßstäbe der klassischen Polsterung verwendet werden, d.h. einfache Nähte und vertikale Ausrichtung des Stoffes. Eventuelle Bestellungen für Sofas und modulare Systeme können nur nach technischer Prüfung durch unsere Geschäftsabteilung bestätigt werden.

Avec son air sophistiqué emprunté au monde de la mode, Kabuki est un velour en laine mohair avec une surface à poil orienté, particulièrement résistant à l'écrasement. Kabuki est légèrement réfléchissant et iridescent à la lumière grâce à sa surface à poil orienté. Il est le compagnon idéal pour la collection de pièces vintage rééditées, ainsi que pour ceux qui sont à la recherche d'une élégance intemporelle et d'une touche sartorial.

Le tissu Kabuki est disponible pour les coussins, les fauteuils et les sièges individuels. Il se conforme aux canons traditionnels des revêtements d'ameublement classiques, à savoir des coutures simples et respectant le sens vertical du tissu. Les éventuelles commandes pour canapés et systèmes modulaires ne pourront être confirmées qu'après vérification technique de notre service commercial.

Pelle Nature / Nature leather

Con una texture a grana marcata che lascia affiorare con un bassorilievo il leggero contrasto colore, la pelle Nabuk Safari è ispirata al *suede*, di cui mantiene tutte le caratteristiche di morbidezza.

Vellutata al tatto, è declinata in una palette di sette colori caldi che richiamano le tonalità della terra e dei materiali legati al mondo della natura: Antracite, Argilla, Carbone, Ebano, Fumo, Pomicia e Sabbia. Con la sua estetica in perfetto equilibrio tra Seventies e natural, diventa un elemento integrante e rafforzativo del look che identifica la 2019 Collection.

With a texture produced by a pronounced grain with a raised effect that reveals its slight colour contrast, Safari Nabuk leather is inspired by suede, and features the same soft qualities. Velvety to the touch, it comes in a palette of seven warm shades that echo the tones of the earth and the materials associated with the natural world: Anthracite, Clay, Charcoal, Ebony, Smoke, Pumice and Sand. With its aesthetic flair, a perfect harmony of Seventies style and natural elegance, it becomes a complementary, enhancing element of the look that identifies the 2019 Collection.

Das Nubukleder Safari weist eine markante Maserung auf, die den leichten Farbenkontrast durch ein Flachrelief hervorhebt, und ist vom Wildleder inspiriert, dessen Weichheit es beibehält. Es fühlt sich samtig an und ist in sieben warmen Farben erhältlich, die an Erdtöne und an die Materialien der Natur erinnern: Anthrazit, Ton, Kohle, Ebenholz, Rauch, Bimsstein und Sand. Mit seiner Ästhetik in perfekter Balance zwischen Seventies und Natur wird es zu einem integrierenden, verstärkenden Element des Looks, der die 2019 Collection auszeichnet.

Avec sa texture grainée qui laisse apparaître dans un bas-relief le léger contraste de couleurs, la cuir Nabuk Safari s'inspire du daim dont elle conserve toute la douceur. Veloutée au toucher, elle se décline dans une palette de sept couleurs chaudes rappelant les tonalités de la terre et des matières naturelles : Anthracite, Argile, Charbon, Ébène, Fumée, Pierre Ponce et Sable. Sa beauté en parfait équilibre entre Seventies et univers naturel complète et renforce le style caractéristique de la 2019 Collection.

Quattro nuove *nuance* esclusive - Ardesia, Peltro, Salvia e Verde Olio - vanno ad arricchire l'attuale vasta gamma di colori della pelle Aspen, un best-seller di alta qualità del brand. Nate da uno studio cromatico legato alla 2019 Collection, sono state pensate e progettate per essere abbinate alla nuova linea tessile, in una combinazione cromatica tono su tono, per poltrone e sedute che vedono l'accostamento tra la pelle nella scocca o nei dettagli della struttura e il tessuto nella cuscinatura.

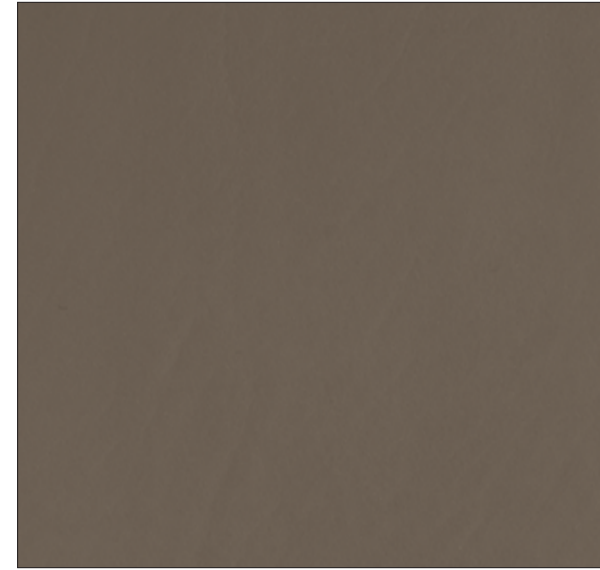

Four exclusive new shades - Slate Grey, Pewter, Sage and Oil Green - have been introduced to complement the current vast colour range of Aspen leather, a high quality brand best-seller. They were designed and created as the result of a colour study performed for the 2019 Collection to match the new textile range in a tone-on-tone colour combination for armchairs and seats featuring leather in the body or in the details of the shell and fabric in the upholstery.

Vier neue exklusive Farben - Schiefer, Zinn, Salbei und Ölgrün - bereichern die aktuelle umfangreiche Farbpalette des Leders Aspen, ein qualitativ hochwertiger Bestseller von Minotti. Sie entspringen einer Farbstudie, die mit der 2019 Collection zusammenhängt, und wurden konzipiert und entworfen, um mit der neuen Textillinie in einer Ton-in-Ton-Farbkombination vereint zu werden, wobei für die Anfertigung der Sessel und Sitzelemente Leder für die Schale bzw. die Strukturdetails und Stoff für die Kissen verwendet werden.

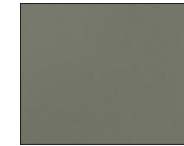

Quatre nouvelles nuances raffinées (Ardoise, Étain, Sauge et Vert Huile) viennent enrichir la vaste palette actuelle des peaux Aspen, un incontournable haut de gamme de la marque. Nées d'une étude chromatique pour la 2019 Collection, elles ont été pensées et conçues pour s'associer avec la nouvelle ligne textile dans un mariage de couleurs ton sur ton pour les fauteuils et les sièges dominé par une alliance entre la peau de la coque ou des détails de la structure et le tissu des coussins.

Lavorato con grande maestria, il cuoio viene interpretato da Minotti con l'atteggiamento sartoriale che è proprio del *know-how* aziendale. L'accurata manifattura caratterizza, ad esempio, la confezione di dettagli *couture* in prodotti che abbinano materiali diversi o le cuciture a vista che sottolineano forme e volumi. Quattro nuovi colori - Bordeaux, Cenere, Salvia e Tortora - vanno a integrare la gamma cromatica del cuoio Minotti, per un abbinamento perfetto con i tessuti della 2019 Collection.

Processed with great craftsmanship, Minotti interprets saddle-hide based on the sartorial mindset that characterises the company know-how. Using meticulous techniques, for example, to add *couture* details to products that combine different materials or feature visible stitching that emphasises their shapes and volumes. Four new colours - Bordeaux, Ash, Sage and Dove Grey - join the Minotti saddle-hide colour palette, providing a perfect match for the fabrics of the 2019 Collection.

Das gegerbte Kernleder wird von Minotti mit viel Geschick verarbeitet und mit dem handwerklichen Stil, der das *Know-how* des Unternehmens kennzeichnet, interpretiert. Die akkurate Verarbeitung charakterisiert beispielsweise die Couture-Details von Produkten, die unterschiedliche Materialien kombinieren, oder die sichtbaren Nähte, die Formen und Volumen betonen. Vier neue Farben - Bordeaux, Asche, Salbei und Taubengrau - ergänzen das Farbensortiment des gegerbten Kernleders von Minotti für eine perfekte Kombination mit den Stoffen der 2019 Collection.

Fabriqué avec beaucoup de maîtrise, le cuir sellier est interprété par Minotti avec le souci du détail qui caractérise le savoir-faire de l'entreprise. Ce travail minutieux se retrouve par exemple dans la confection des éléments couture des produits mêlant différentes matières ou dans les coutures apparentes qui soulignent les formes et les volumes. Quatre nouvelles couleurs (Bordeaux, Cendre, Sauge et Tourterelle) viennent enrichir la palette du cuir sellier Minotti pour un parfait mariage avec les tissus de la 2019 Collection.

La pelle effetto cavallino è sempre stata un elemento integrante e caratterizzante del DNA delle collezioni Minotti e viene oggi reinterpretata in chiave Seventies grazie a una gamma colori aggiornata.

Viene riproposta con l'immissione di nuovi colori d'ispirazione pop - Cenere Naturale, Bordeaux, Corten, Salvia, Verde Olio e stampa Zebra - che ne accentuano l'aspetto ironico e il riflesso brillante e luminoso del mantello.

Nella versione stampata a motivo Zebra, il gioco di curve in black and white riporta allo spirito anni Settanta e a un look natural. Con il suo pattern bianco e nero introduce negli interni un elemento grafico dinamico di grande impatto visivo in sedute, panche e pouf.

Pony look leather has always been an integral and distinguishing element of the DNA of the Minotti collections and today it appears in a Seventies version thanks to a colour range featuring a host of old favourites and some new additions.

The new entries, inspired by a pop vibe - Natural Ash Grey, Bordeaux, Corten, Sage Green, Oil Green and Zebra print - accentuate the ironic look and bright, lustrous shine of the material.

In the Zebra print version, the black and white curve effect takes us back to the soul of the Seventies and a natural look. With its black and white pattern, it adds a dynamic graphic element of great visual impact to seats, benches and ottomans.

Leder mit Cavallino-Effekt ist seit jeher ein integrierender, charakterisierender Bestandteil der DNA der Kollektionen von Minotti und wird heute dank einer aktualisierten Farbpalette im Seventies-Stil neuinterpretiert.

Es wird nun mit der Einführung neuer, poppiger Farben - Asche Natürliche, Bordeaux, Corten, Salbei, Ölgrün und Zebradruck -, die den ironischen Aspekt und den leuchtenden Glanz des Fells unterstreichen, präsentiert.

In der Ausführung mit Zebramuster erinnert das Spiel der weißen und schwarzen Kurven an die 70er Jahre und an einen Natural Look. Mit seinem Schwarz-Weiß-Muster führt es ein dynamisches grafisches Element mit großer visueller Wirkung in den Sitzelemente, Bänke und Poufs ein.

Le Pony Look a toujours fait partie intégrante et distinctive de l'ADN des collections Minotti. Elle est aujourd'hui réinterprétée dans un style Seventies à travers une palette de couleurs modernes.

De nouvelles couleurs d'inspiration pop font ainsi leur apparition (Cendre Naturelle, Bordeaux, Corten, Saugé, Vert Huile et imprimé Zèbre) pour accentuer son aspect ironique ainsi que le reflet brillant et lumineux de la peau.

Dans la version à imprimé Zèbre, le jeu de courbes en noir et blanc fait revivre l'esprit Seventies et l'univers naturel. Dans les intérieurs, son motif noir et blanc agrémenté les sièges, les bancs et les poufs d'un élément graphique dynamique et spectaculaire.

La particolare estetica di Fortaleza deriva dalla lavorazione a effetto Tweel dal sapore elegante e sartoriale. L'armatura Tweel, ideata con filato di polipropilene, ne garantisce le performance di durata nel tempo e di tenuta allo stropiccio. Il carattere tipico da abbigliamento maschile del Tweel viene reinterpretato da Minotti per calzare gli imbottiti outdoor con scelte cromatiche luminose e fresche, proprie dello stile del brand. Ancora una volta l'atteggiamento dell'azienda è di portare un codice di eleganza da indoor anche negli spazi outdoor dove, senza compromessi, si mantengono le mani morbide e i colori profondi e luminosi tipici delle migliori strutture da interno.

The unique aesthetic of Fortaleza results from the elegant, tailored Tweel effect worked into its design. And in fact the Tweel weave, created with polypropylene yarn guarantees its high-performance, durability and resistance to creases. The characteristic perception of Tweel as the ultimate fabric for men's clothing is reinterpreted by Minotti and used to upholster its outdoor furniture in the typical clean, bright colours of the brand's style. Once again, the company's aim is to convey a code of indoor elegance in outdoor spaces too where the soft textures and radiant, intense shades of the finest interior solutions are maintained with no compromises.

Die besondere Ästhetik von Fortaleza beruht auf der Tweel-Effekt- bzw. Fischgrat-Verarbeitung, die dem Stoff einen eleganten Touch verleiht und von der hohen Schneiderkunst zeugt. Die Tweel-Struktur aus Polypropylengarn garantiert langlebige Leistung und Knitterfestigkeit. Der typische Charakter der Herrenbekleidung aus Tweel wird von Minotti neu interpretiert, um Out-door-Polstermöbel mit hellen, frischen Farben, die für den Stil der Marke typisch sind, anzufertigen. Auch in diesem Fall hat das Unternehmen den Indoor-Eleganz-Code auch in den Außenbereich eingeführt, wo die weiche Textur und die tiefen, leuchtenden Farben, die typisch für die Möbel für den Innenbereich sind, beibehalten werden.

La beauté particulière de Fortaleza émane du traitement effet Tweel, une touche stylistique à la fois élégante et haute couture. Le fil de polypropylène utilisé pour tisser l'armure de Tweel garantit la longévité du produit ainsi que sa résistance au froissement. Minotti réinterprète le Tweel caractéristique des vêtements pour hommes pour agrémenter les articles rembourrés pour extérieur d'un florilège de couleurs fraîches et lumineuses dans le plus pur esprit de la marque. L'entreprise souhaite une fois de plus conférer au mobilier de plein air l'élégance des meubles d'intérieur en leur attribuant, sans compromis, les mêmes textures douces et les mêmes couleurs profondes et lumineuses.

Il tessuto presenta tutte le caratteristiche per affrontare l'impiego in outdoor domestico, navale e hospitality grazie alla sua composizione in polipropilene. Gli alti standard qualitativi sono garantiti dalla struttura a doppio "Panama", apparentemente semplice, ma resa solida e resistente per mezzo di coppie di filati che si intersecano tra trama e ordito. La mano morbida del tessuto, il peso oltre il chilogrammo e il look eclettico e intramontabile rendono questa tela idonea a calzare qualsiasi forma e geometria di tappezzeria. La palette cromatica prevede 6 nuance di colore, progettate per abbinarsi al legno Iroko, alle corde outdoor e alle finiture personalizzate.

This durable polypropylene fabric has all the right characteristics for use in outdoor residential, naval and hospitality environments. Its high quality standards are guaranteed by its deceptively simple double "Panama" weave, in which pairs of warp and weft threads are interlaced to produce a solid, hardy end result. The soft feel of the fabric, its weight - over a kilo - and its eclectic, evergreen look make this textile suitable for any shape and form of upholstery. It is available in 6 shades, designed to complement the Iroko wood, outdoor cord designs and personalised finishes of the Minotti collection.

Dank seiner Polypropylen-Zusammensetzung ist der Stoff ideal für den Einsatz im Outdoor-Bereich von Privathäusern, Schiffen und des Hotel- und Gastgewerbes. Die hohen Qualitätsstandards werden durch die doppelte "Panama"-Struktur garantiert, die scheinbar einfach ist, aber durch Garnpaare, die sich zwischen Schuss und Kettfaden einfügen, solide und widerstandsfähig gemacht wird. Die weiche Textur des Stoffes, das Gewicht von über einem Kilogramm und der vielseitige, zeitlose Look machen dieses Gewebe für jede Form und Geometrie der Polsterung geeignet. Die Farbpalette umfasst 6 Nuancen, die auf Iroko-Holz, Outdoor-Schnurgeflechte und auf ein personalisiertes Oberflächenfinish abgestimmt sind.

Grâce à sa composition en polypropylène, le tissu possède toutes les caractéristiques nécessaires à un usage dans l'extérieur résidentiel, le secteur nautique ou l'hôtellerie. Sa qualité haut de gamme résulte d'une structure doublement nattée apparemment simple mais rendue solide et résistante par un entrecroisement trame/chaîne de ses fils tissés deux par deux. La douce texture du tissu, le poids au-delà du kilogramme et l'aspect éclectique et intemporel de cette toile en font un matériau qui s'adapte à toutes les formes et géométries de revêtements d'ameublement. Santos se décline dans 6 couleurs pensés pour s'associer avec le bois Iroko, les cordes pour extérieur et les finitions personnalisées.

Structure: plywood with suspension provided by high-rubber-content elastic webbing. The structure is coated in high resilience variable density polyurethane foam. Additional casing in channeled goose down quilt padding adds fluffy softness. **Covers:** fabric and leather upholstery covers are removable. **Base:** metal perimeter base, painted polished Pewter colour with anti-fingerprint finish. Ottoman is available in version with magnets or stand alone; the magnets are already attached to the ottoman and are clad in Black saddle-hide. The version with magnets comes with a kit containing the plates to be attached to the base of the element that will be placed next to the ottoman. All ottomans come with rotating wheels with 360° swivel with nylon structure and outer wheel covering in thermoplastic polyurethane. **WARNINGS** The powerful magnets positioned on the side of the ottomans can be harmful to persons with a pacemaker. They may also compromise the performance of electronic equipment, magnetic stripe cards and credit cards.

OPTIONAL REMOVABLE CORNER CUSHION

Cushion padded with high resilience, variable-density polyurethane foam and then covered with breathable, heat-bonded fiber laminated to white cotton canvas. A wooden bar is integrated into the removable element to improve adherence to the seat. Upholstery available in fabric or leather. When upholstered with fabric the handle is always made of leather, matching with the selected fabric. Cover is completely removable.

HOCKER

Struktur: Aus Schichtholz mit Federung durch elastische Gurte mit hohem Kautschukinhalt. Aufbereitung der Struktur aus hochdichtem, unterschiedlich dick geschäumtem Polyurethan. Ein weiterer Steppbezug, gefüllt mit kanalisierten Gänsedaunen sorgt für schmiegsame Weichheit. **Abziehbarkeit:** Stoff- und Lederbezug abziehbar. **Bedengestell:** Randumrahmung aus Metall, glänzend zinnfarbig lackiert mit Anti-Fingerprint-Beschichtung. Der Pouf ist mit Magneten erhältlich oder als *Stand-alone-Stück*; die Magneten sind bereits am Pouf befestigt und mit schwarzem Kernleder bezogen. Bei der Variante mit Magneten wird ein Kit mitgeliefert, das Plättchen enthält, die am Bodengestell des Elementes befestigt werden, neben dem der Pouf stehen soll. Alle Hocker sind mit vier Rollen aus Nylon mit Beschichtung aus thermoplastischem Polyurethan, die drehbar um 360° sind, versehen. **WARNHINWEISE** Die kraftvollen Magneten auf der Seite der Hocker können für Menschen mit Herzschrittmacher gefährlich sein. Sie könnten auch die korrekte Funktion von elektronischen Geräten, Magnetkarten und Kreditkarten beeinträchtigen.

FAKULTATIVES ABNEHMBARES ECKKISSEN

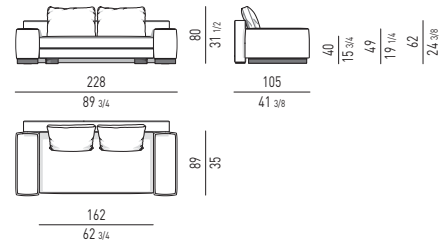

Kissen, mit Polsterung aus hochdichtem, unterschiedlich geschäumtem Polyurethanschaum, dann bezogen mit atmungsaktiver, thermofixierter Faser, kombiniert mit weißem Baumwolltuch. Damit das abnehmbare Element auf dem Sitz eine bessere Stabilität hat, wurde innen eine Holzstange eingelegt. Bezug in Soff oder Leder erhältlich. Wenn mit Stoff bezogen ist der Griff immer aus Leder, passend zum gewählten Stoff. Vollkommen abziehbar.

POUF

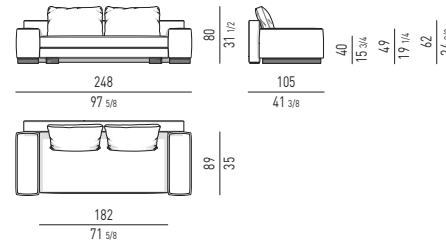

Structure : en bois multiplis avec suspension assurée par des sangles élastiques à haute teneur en caoutchouc. Préparation de la structure en polyuréthane expansé à densité différenciée et haute densité. Revêtement supplémentaire : mince édreton en plume d'oie canalisée qui apporte du moelleux et de la souplesse. **Déhoussage :** revêtement déhoussable, qu'il soit en tissu ou en cuir. **Base :** périmétrique en métal, peint brillant anti-traces couleur Étain. Le pouf est disponible en version avec aimants ou *stand alone* ; les aimants sont déjà fixés sur le pouf et recouverts de cuir sellier Noir. La version avec aimants comprend un kit contenant des plaques à fixer sur la base de l'élément auquel le pouf devra être relié. Tous les poufs sont dotés de quatre roulettes pivotant à 360° avec structure en nylon et revêtement externe de la roulette en polyuréthane thermoplastique. **RECOMMANDATIONS** Les aimants haute potentiel positionnées sur le côté des poufs, pourront être dangereuse pour qui porte le pacemaker. Ils pourront perturber le correcte fonctionnement des appareils électroniques, cartes magnétique et cartes de crédit. **COUSSIN ANGULAIRE AMOVIBLE OPTIONNEL** Coussin avec rembourrage en polyuréthane expansées à densités différenciées et haute densité, revêtement supplémentaire en fibre thermoliée respirante, couplée à un tissu de coton blanc. Pour améliorer l'adhérence de l'élément amovible à la siège, une barre en bois à été insérée à l'intérieur. Revêtement disponible en tissu ou en cuir souple. Avec le revêtement en tissu, la poignée sera toujours en cuir souple, dans la nuance du tissu choisi. Entièrement déhoussable.

Rodolfo Dordoni design

Struttura: in legno massello con molleggio garantito da cinghie elastiche ad alta componente di caucciù. Preparazione della struttura in poliuretano espanso a quote differenziate ad alta densità, realizzata con sede concava per accogliere il cuscino sedile favorendone la durata grazie alla sua reversibilità. Braccioli e schienali rivestiti con trapuntino in piuma d'oca canalizzata che conferisce morbidezza e sofficietà. La parte inferiore della struttura è caratterizzata da quattro fasce in estruso di alluminio, sezione mm 47x6 (disegno esclusivo Minotti), spazzolato lucido con un'inedita finitura color Brandy.

Cuscinatura: imbottitura cuscini schienale in piuma d'oca canalizzata (certificata Assopiuma, Etichetta Oro) con inserto in poliuretano espanso portante morbido. Cuscini sedile completamente reversibili, con imbottitura in piuma d'oca canalizzata (certificata Assopiuma, Etichetta Oro) e inserto centrale in poliuretano espanso a quote differenziate ad alta resilienza rivestito da un ulteriore strato di Memory Foam.

Sfoderabilità: cuscini sedile, cuscini schienale e struttura completamente sfoderabili in tutte le versioni (tessuto e pelle). Per sfoderare la struttura rimuovere prima le quattro fasce in estruso di alluminio. Appoggio a terra tramite piedini di servizio di colore Nero, regolabili, H mm 45, con scivolante in nylon.

Structure: solid wood with suspension provided by high-rubber-content elastic webbing. The seat structure is coated in high resilience, variable density polyurethane foam with a concave contour to accommodate the cushion, maximizing durability thanks to the reversibility. Armrests and backrests encased in channeled goose down quilting for added fluffy softness. The lower part of the structure features four brushed and polished extruded aluminium strips, 47x6 mm section (exclusive Minotti design), in a brand new Brandy colour finish.

Cushions: backrest cushions have channeled goose down padding (Assopiuma certified, Gold Label) with structural core insert in soft polyurethane foam. Seat cushions are completely reversible, with channeled goose down padding (Assopiuma certified, Gold Label) and core insert made of high resilience, variable-density polyurethane foam wrapped in a layer of Memory Foam.

Covers: seat cushions, backrest cushions and structure covers are completely removable in all versions (fabric and leather). To remove upholstery from the structure, first remove the four extruded aluminium strips. Rests on standard adjustable Black feet, 45 mm H, with nylon slides.

Struktur: Massivholz mit Federung durch elastische Gurte mit hohem Kautschukinhalt. Aufbereitung der Sitzstruktur mit unterschiedlich dick geschäumtem, hochdichtem Polyurethan mit konkaver Sitzfläche, um das Sitzkissen aufzunehmen und den Sitz robuster zu machen dank der Reversibilität. Arm- und Rückenlehnen mit Steppstoff bezogen, gefüllt mit kanalisierten Gänsedaunen, die geschmeidige Weichheit vermitteln. Der untere Teil der Struktur kennzeichnet sich durch vier stranggegossene Aluminium-Leisten aus, Querschnitt 47x6 mm (exklusives Minotti-Design), die poliert und mit einem brandneuen Brandyfarbig-Finish gebürstet sind.

Kissen: Polsterung des Rückenkissens aus kanalisierten Gänsedaunen (Gold Label, zertifiziert von Assopiuma) mit verstärkter Einlage aus weichem Polyurethanschaum. Sitzkissen beidseitig verwendbar mit Polsterung aus kanalisierten Gänsedaunen (Gold Label, zertifiziert von Assopiuma) mit zentraler Einlage aus unterschiedlich dick geschäumtem, hochdichtem, federndem Polyurethan bezogen mit einer weiteren Schicht von Memory Foam.

Abziehbarkeit: Sitz-, Rücken- und Rückenlehnen vollkommen abziehbar in allen Varianten (Stoff und Leder). Um die Struktur abzuziehen, erst die vier stranggegossenen Aluminium-Leisten entfernen. Bodenaufgabe mit schwarzen, verstellbaren Füßchen, H 45 mm, mit Gleitschutz aus Nylon.

Structure : en massif bois, suspension assurée par des sangles élastiques à haute teneur en caoutchouc. Préparation de la structure d'assise en polyuréthane expansé à densité différenciée et haute densité, avec logement concave pour accueillir le coussin et en améliorer la durée grâce à sa réversibilité. Accoudoirs et dossiers recouverts d'un édredon en plume d'oie canalisée (certifiée Assopiuma, Étiquette Or) avec insert porteur à mémoire de forme souple. Coussins d'assise entièrement réversibles, rembourrage en plume d'oie canalisée (certifiée Assopiuma, Étiquette d'Or) avec insert central en polyuréthane expansé à densité différenciée haute résilience doublé d'une seconde couche de mousse à mémoire de forme (Memory Foam).

Déhoussage : coussins d'assise, coussins de dossier et structure entièrement déhoussables dans toutes les versions (tissu et cuir). Pour déhousser la structure, commencer par enlever les quatre bandes en aluminium extrudé. Repose sur de petits pieds Noirs, réglables, H 45 mm, avec patins glisseurs en nylon.

OPZIONE ALTEZZA PIEDINI: a richiesta sono disponibili, senza sovrapprezzo, piedini regolabili H mm 75 (+3 rispetto alla versione di serie). Questa opzione deve essere specificata all'atto dell'ordine. Qualora non venisse indicato, verranno montati i piedini con altezza standard H mm 45.

N.B.: per agevolare la sfoderabilità e la consegna, i braccioli sono sfilabili dalla base tramite un sistema di innesto e sgancio rapido. Prima rimuovere le quattro fasce in estruso di alluminio. La finitura "Brandy", messa a punto da Minotti Studio e proposta in esclusiva, è ottenuta da una lavorazione manuale di estrema qualità che risalta la spazzolatura lucida dell'alluminio includendo possibili naturali sfumature che rendono unico ogni pezzo.

POGGIATESTA Realizzato in poliuretano espanso a quote differenziate, rivestito con trapuntino in piuma d'oca canalizzata e fissato alla struttura mediante una fascia. La fodera del cuscino può essere realizzata a scelta nei tessuti o pelli a campionario, qualora non venisse specificata all'atto dell'ordine verrà coordinata al rivestimento del divano. Completamente sfoderabile.

OPTIONAL FEET HEIGHT: available upon request, with no surcharge, adjustable 75 mm H feet (3 cm higher than standard feet). This option must be specified at the time the order is placed. Failure to indicate the option will result in mounting of standard height (45 mm) feet.

N.B.: to facilitate transport and removal of covers, the armrests can be removed from the base by means of a quick coupling and uncoupling system. First remove the four extruded aluminium strips from the piece. The "Brandy" finish, developed by Minotti Studio and distributed exclusively, is obtained from an extremely high quality craftsmanship that highlights the polished brushing of the aluminium including possible natural shades that make each piece unique.

HEADREST Made of variable-density polyurethane foam, covered with quilted goose down divided into sections and fixed to the frame by means of a strip. The cushion cover can be supplied in the fabrics or types of leather available in the pattern book. If the material of the cushion cover is not specified in the order, it will be co-ordinated with the sofa cover. Removable covers.

OPTION HÖHE DER FÜSSE: Auf Wunsch sind, ohne Aufpreis, verstellbare Füßchen in 75 mm Höhe erhältlich (+3 cm verglichen mit der Serienausführung). Diese Option muss bei der Bestellung angegeben werden. Ohne weitere Angaben werden die Füßchen in der Standardhöhe 45 mm montiert.

N.B.: um das Abziehen und den Transport zu vereinfachen, sind die Armlehnen über ein praktisches, schnelles Stecksystem mit dem Untergestell verbunden. Zuerst die vier stranggegossenen Aluminium-Leisten vom Element entfernen. Die von Minotti Studio entwickelte und exklusiv angebotene Ausführung "Brandy" wird durch eine äußerst hochwertige manuelle Verarbeitung hergestellt, das polierte gebürstete Aluminium, einschließlich möglicher natürlicher Farbnuancen, macht jedes Stück einzigartig.

KOPFSTÜTZE Aus unterschiedlich dick geschäumtem, federndem Polyurethan. Steppbezug aus kanalisierten Gänsedaunen und Befestigung am Gestell durch ein Band. Der Kissenbezug kann aus den Stoffen oder dem Leder, die in der Musterkollektion zur Auswahl stehen, gefertigt werden; wird der Kissenbezug nicht auf der Bestellung angegeben, so wird er auf den Sofabezug abgestimmt Bezug abziehbar.

WEST SADDLE-HIDE Armrests and backrests are made with an internal, contoured, padded rigid metal structure upholstered in saddle-hide, available in the following colours: Mud, Dove Grey, Moka, Ash and Black. The saddle-hide structure features hand-finished perimeter stitching.

OPTION HAUTEUR DES PETITS PIEDS : petits pieds réglables H 75 mm (+3 cm par rapport à la version de série) disponibles sur demande sans supplément. Cette option doit être spécifiée au moment de la commande. Dans le cas contraire, les petits pieds de hauteur standard H 45 mm seront montés.

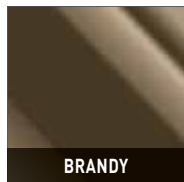

N.B. : pour faciliter le déhoussage et la livraison, les accoudoirs sont amovibles grâce à un système d'enclenchement et de désenclenchement rapide. Commencer par enlever les bandes en aluminium extrudé. La finition "Brandy", étudié par le Minotti Studio et proposé en exclusif, il est obtenue avec une travaille manuelle de qualité extrême, à exaltation du brossage de l'aluminium inclus des nuances naturelles, qui rendrons unique chaque pièce fabriqué.

APPUI-TÊTE Réalisé en polyuréthane expansé haute densité, revêtement matelassé en plumes d'oie à secteurs et fixation à la structure à l'aide d'une sangle. La doublure du coussin peut être réalisée au choix parmi la gamme de tissus et cuirs sur catalogue ; en l'absence de spécification à la commande, le coussin sera coordonné au revêtement du canapé. Revêtement déhoussable.

WEST SADDLE-HIDE Accoudoirs et dossiers réalisés avec une structure interne rigide en métal, profilée, rembourrée et recouverte de cuir sellier, disponible dans les couleurs suivantes : Boue, Tourterelle, Moka, Cendre et Noir. La structure en cuir sellier est caractérisée par des coutures sur tout le pourtour, finition main.

Struttura: in legno massello. Preparazione della struttura con poliuretano espanso a quote differenziate e ad alta resilienza e cinghie elastiche intrecciate ad alta componente di caucciù e ad elasticità controllata. Prima foderatura in fibra autolegante accoppiata con tela di cotone bianca. La parte inferiore della struttura è caratterizzata da quattro fasce in estruso di alluminio, mm 47x6 (disegno esclusivo Minotti), spazzolato lucido con un'inedita finitura color Brandy.

Cuscinatura: cuscino seduta in piuma con inserto in poliuretano "Performance". Cuscino schienale optional, cm 51x41, con imbottitura 100% in piuma d'oca canalizzata.

Sfoderabilità: il rivestimento è completamente sfoderabile nella versione in tessuto, mentre è fisso nella versione in pelle. Prima rimuovere le quattro fasce in estruso di alluminio. Appoggio a terra tramite piedini di servizio di colore Nero, regolabili, H mm 45, con scivolante in nylon.

AVVERTENZE SULLA CONFEZIONE DEL CUSCINO SEDILE PER LE CATEGORIE PELLE STAMPATA COCCODRILLO, PONY LOOK, ZEBRA LOOK E PONY CENERE

Specificare all'atto dell'ordine il rivestimento del cuscino sedile, Pelle Lodge, Nabuk o Aspen, a seconda degli abbinamenti qui sotto indicati:

- con rivestimento della struttura in Pelle stampata coccodrillo, il cuscino sedile verrà sempre realizzato in pelle Lodge o Nabuk;
- con rivestimento della struttura in Pony Look, Zebra Look o Pony Cenere, il cuscino sedile verrà sempre realizzato in pelle Aspen o Lodge.

La finitura "Brandy", messa a punto da Minotti Studio e proposta in esclusiva, è ottenuta da una lavorazione manuale di estrema qualità che risalta la spazzolatura lucida dell'alluminio includendo possibili naturali sfumature che rendono unico ogni pezzo.

Structure: in solid wood, high resilience polyurethane foam of various densities and woven elastic straps with a high rubber content and controlled elasticity. First lining made from self-binding fibre bound to white cotton cloth. The lower part of the structure features four brushed and polished extruded aluminium strips, 47x6 mm section (exclusive Minotti design), in a brand new Brandy colour finish.

Cushions: seat cushion in down with central insert in polyurethane "Performance". Optional backrest cushion 51x41 cm entirely padded with goose down divided into sections.

Covers: fully removable in the fabric version, non-removable in the leather version. First remove the four extruded aluminium strips from the piece. Rests on standard adjustable Black feet, 45 mm H, with nylon slides.

WARNINGS FOR PRINTED LEATHER CATEGORIES CROCODILE, PONY LOOK, ZEBRA LOOK AND PONY CENERE

When ordering, specify the seat cushion cover according to the combinations shown below:

- with a crocodile embossed leather structure, the seat cushion will always be made in Lodge or Nabuk leather;
- with the structure cover in Pony Look, Zebra Look or Pony Cenere, the seat cushion will always be made in Aspen or Lodge leather.

The "Brandy" finish, developed by Minotti Studio and distributed exclusively, is obtained from an extremely high quality craftsmanship that highlights the polished brushing of the aluminium including possible natural shades that make each piece unique.

Struktur: aus Massivholz. Aufbereitung der Struktur aus hoch widerstandsfähigem Polyurethan in unterschiedlicher Dichte, mit verflochtenen Elastikriemen mit hoher Kautschukkomponente und kontrollierter Elastizität. Der erste Bezug ist aus selbstbindender Faser, die auf weißem Baumwolltuch aufliegt. Der untere Teil der Struktur kennzeichnet sich durch vier stranggegossene Aluminium-Leisten aus, Querschnitt 47x6 mm (exklusives Minotti-Design), die poliert und mit einem brandneuen Brandyfarbig-Finish gebürstet sind.

Kissenpolsterung: Sitzkissen aus Daunen mit Schaumstoffkern aus "Performance" Polyurethan. Optionales Rückenkissen 51x41 cm mit Füllung aus 100% kanalisierten Gänsedaunen.

Abziehbarkeit: der Stoffbezug ist komplett abziehbar, während der Lederbezug fix ist. Zuerst die vier stranggegossenen Aluminium-Leisten vom Element entfernen.

Ohne weitere Angaben werden die Füßchen in der Standardhöhe 45 mm montiert.

WARNHINWEISE FÜR KATEGORIEN AUS GEDRUCKTEM LEDER KROKODIL, PONYLOOK, ZEBRA LOOK UND PONY CENERE

Geben Sie bei der Bestellung den Sitzkissenbezug gemäß den unten angegebenen Kombinationen an:

- mit einer krokodilgeprägten Lederstruktur wird das Sitzkissen immer aus Lodge- oder Nabuk-Leder gefertigt;
- Mit Strukturbezug in Pony-Look, Zebra-Look oder Pony Cenere wird das Sitzkissen immer aus Aspen- oder Lodge-Leder gefertigt.

Die von Minotti Studio entwickelte und exklusiv angebotene Ausführung "Brandy" wird durch eine äußerst hochwertige manuelle Verarbeitung hergestellt, das polierte gebürstete Aluminium, einschließlich möglicher natürlicher Farbnuancen, macht jedes Stück einzigartig.

Structure : en bois massif. Préparation de la structure en polyuréthane expansé à hauteurs différenciées et à haute résilience et sangles élastiques tressées à haute teneur en caoutchouc et à élasticité contrôlée. Première doublure en fibre auto-liante doublée avec une toile en coton blanc.

La partie inférieure de la structure est caractérisée par 4 bandes en aluminium extrudé, section 47x6 mm (dessin exclusif Minotti), brossé brillant. Celles-ci se déclinent dans une finition inédite couleur Brandy.

Coussins : coussin d'assise en plume avec élément central en polyuréthane "Performance".

Coussin dossier optionnel 51x41 cm avec rembourrage 100% duvet d'oie à secteurs.

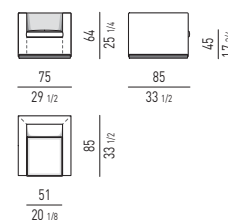

Déhoussage : revêtement en tissu entièrement déhoussable et fixe dans la version en cuir. Commencer par enlever les bandes en aluminium extrudé. Répose sur de petits pieds Noirs, réglables, H 45 mm, avec patins glisseurs en nylon.

RECOMMANDATIONS SUR LES CUIR SOUPLE EMBOSSE' CROCODILE, PONY LOOK, ZEBRA LOOK ET PONY CENERE

Préciser à la commande le revêtement du coussin assis selon les combinaisons suivantes :

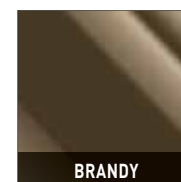

- Avec revêtement structure en Cuir souple embossé crocodile, le coussin assis sera toujours réalisé avec Pelle Lodge et Nabuk ;
- Avec revêtement structure en Pony Look, Zebra Look et Pony Cenere, le coussin assis sera toujours réalisé en Pelle Aspen et Lodge.

La finition "Brandy", étudié par le Minotti Studio et proposé en exclusif, il est obtenue avec une travaille manuelle de qualité extrême, à exaltation du brossage de l'aluminium inclus des nuances naturelles, qui rendons unique chaque pièce fabriqué.

Die Marmorplatten mit Ø 160, 180 und 200 cm bestehen immer aus drei Teilen, während die rechteckigen Platten mit den Abmessungen 260x120, 280x120, 300x120 cm und die bootförmigen in den Maßen 290x130 und 310x130 cm immer aus 2 Teilen bestehen.

Beine in folgenden Ausführungen:

- Satiniertes, in der Farbe Malz lackiertes Metall verfügbar nur mit Tischplatten aus Marmor und Holz;
- Stahl glänzend, verfügbar nur mit Tischplatten aus Marmor und Holz;
- Metall mit Belag aus gebürstetem, offenporig mokkafarbig lackiertem Wenge verfügbar nur mit Glasplatten.

Die Beine mit der Ausführung in Wenge haben eine interne Struktur aus satiniertem, in der Farbe Malz lackiertem Metall, die dann mit der externen, mit Wenge belegten Metallplatte verbunden wird.

Verstellbare Metallfüßchen, in der Farbe Malz lackiert oder, passend zur Ausführung der Beine aus glänzendem Stahl.

Gleitschutz aus ABS.

Finitions plateau :

- marbre Nero Marquina, épaisseur 20 mm, façonné ;
- marbre Stone Grey, épaisseur 20 mm, laqué polyester brillant transparent, façonné ;
- marbre Calacatta, épaisseur 20 mm, façonné ;

WISP RELIEF

Minotti Studio design

Tappeto composto 100% da lana della Nuova Zelanda, realizzato artigianalmente con metodo Tufting manuale.

Il manto superficiale si presenta con due spessori differenti, mm 12 e 35, che disegnano il caratteristico motivo grafico del tappeto.

Il supporto è composto da poliestere, mentre il sottofondo è trattato con lattice naturale prevulcanizzato anallergico.

Peso complessivo 5,5 kg/m². Il tappeto può essere realizzato su misura (multipli di 50 cm).

Tappeto disponibile nei colori: Gesso, Corda Melange, Salvia, Petrolio, Fumo, Ferro, Titanio Melange e Carbone.

N.B.: La misura complessiva del tappeto potrebbe variare di circa 3 cm data la lavorazione manuale ed artigianale, anche in caso di tappeto realizzato su misura.

TAPPETO SU MISURA

Per la realizzazione di tappeti su misura, si richiede che venga fornito un disegno in formato DWG, comprensivo di misure dettagliate. Il file verrà controllato dall'Ufficio Tecnico che si riserva di approvare o richiedere modifiche al disegno prima di procedere alla produzione del tappeto.

Rug made 100% of New Zealand wool, hand-tufted artisan workmanship.

The surface profile has two different thicknesses (12 and 35 mm), that produce the rug's characteristic graphic motif.

The backing is made of polyester, while the lining material is treated with hypoallergenic prevulcanized natural latex.

Overall weight 5.5 kg/m². The rug can be made in custom sizes (multiples of 50 cm).

Rug is available in the following colours: Chalk White, Cord Melange, Sage, Petroleum, Smoke, Iron Grey, Titanium Melange and Charcoal.

N.B.: Because it is handcrafted, the overall size of the rug can vary by approximately 3 cm, even on custom-sized rugs.

CUSTOM RUG
For custom rugs, the client is asked to provide a design of the rug in DWG format, including detailed dimensions. The file will be reviewed by the Technical Office, which reserves the right to approve or ask that modifications be made to the rug design before entering the production phase.

TEPPICH NACH MASS
Für die Herstellung eines Teppichs nach Maß ist eine Zeichnung im DWG Format erforderlich, mit detaillierten Maßen. Die Datei wird von unserer technischen Abteilung kontrolliert, die es sich vorbehält, die Zeichnung anzunehmen oder Abänderungen anzufordern, bevor mit der Herstellung des Teppichs begonnen wird.

Der Teppich besteht aus 100% Wolle aus Neuseeland und wird im Tufting-Verfahren handgearbeitet.

Der Oberflächenflor zeigt zwei verschiedene Höhen, 12 und 35 mm, die das charakteristische graphische Muster des Teppichs bilden.

Das Grundgewebe ist aus Polyester, das mit einer Unterlage aus vorvulkanisiertem, antiallergischem Naturlatex beschichtet ist.

Gesamtgewicht 5,5 kg/m². Der Teppich kann nach Maß hergestellt werden (ein Vielfaches von 50 cm).

Der Teppich ist in folgenden Farben erhältlich: Gips, Hanfseil Mélange, Salbeigrün, Petroleum, Rauch, Eisen, Titan Mélange und Kohle.

N.B.: Die Maße des Teppichs insgesamt können um etwa 3 cm variieren, da sie, auch nach Maß handwerklich hergestellt und handgearbeitet sind.

TAPIS SUR MESURE
Pour la réalisation de tapis sur mesure, prière de fournir un dessin au format DWG, comprenant les dimensions détaillées. Le fichier sera vérifié par le Bureau technique qui se réserve le droit d'approuver ou de demander des modifications du dessin avant de procéder à la fabrication du tapis.

La base est composée de polyester, tandis que le dossier en latex naturel prevulcanisé est anallergique. Poids total : 5,5 kg/m². Le tapis peut être fabriqué sur mesure (multiples de 50 cm). Tapis disponible dans les couleurs : Plâtre, Mélange Corde, Sauge, Pétrole, Fumée, Fer, Mélange Titane et Charbon.

N.B. : La fabrication étant manuelle et artisanale, les dimensions totales du tapis peuvent varier d'environ 3 cm, même dans le cas de tapis fabriqués sur mesure.

TAPIS SUR MESURE
Pour la réalisation de tapis sur mesure, prière de fournir un dessin au format DWG, comprenant les dimensions détaillées. Le fichier sera vérifié par le Bureau technique qui se réserve le droit d'approuver ou de demander des modifications du dessin avant de procéder à la fabrication du tapis.

NEW 2019 COLOURS

Tappeto composto 100% da lana della Nuova Zelanda, realizzato artigianalmente con metodo Tufting manuale.

Il manto superficiale ha spessore 45 mm. Il supporto è composto da poliestere, mentre il sottofondo è trattato con lattice naturale prevulcanizzato anallergico. Peso complessivo 5,5 kg/m².

Il tappeto può essere realizzato su misura (multipli di 50 cm).

Tappeto disponibile nei colori: Gesso, Corda Melange, Petrolio, Fumo, Ferro e Titanio Melange. Nuovi colori 2019: Salvia e Carbone.

N.B.: La misura complessiva del tappeto potrebbe variare di circa 3 cm data la lavorazione manuale ed artigianale, anche in caso di tappeto realizzato su misura.

TAPPETO SU MISURA

Per la realizzazione di tappeti su misura, si richiede che venga fornito un disegno in formato DWG, comprensivo di misure dettagliate. Il file verrà controllato dall'Ufficio Tecnico che si riserva di approvare o richiedere modifiche al disegno prima di procedere alla produzione del tappeto.

Rug made 100% of New Zealand wool, hand-tufted artisan workmanship. The surface profile is 45 mm thick. The backing is made of polyester, while the lining material is treated with hypoallergenic prevulcanized natural latex.

Overall weight 5.5 kg/m². The rug can be made in custom sizes (multiples of 50 cm). The rug is available in the following colours: Chalk White, Cord Melange, Petroleum, Smoke, Iron Grey and Titanium Melange. New colours in 2019: Sage and Charcoal.

N.B.: Because it is handcrafted, the overall size of the rug can vary by approximately 3 cm, even on custom-sized rugs.

CUSTOM RUG
For custom rugs, the client is asked to provide a design of the rug in DWG format, including detailed dimensions. The file will be reviewed by the Technical Office, which reserves the right to approve or ask that modifications be made to the rug design before entering the production phase.

Der Teppich besteht aus 100% Wolle aus Neuseeland und wird im Tufting-Verfahren handgearbeitet. Der Schnittflor ist 45 mm hoch. Das Grundgewebe ist aus Polyester, das mit einer Unterlage aus vorvulkanisiertem, antiallergischem Naturlatex beschichtet ist. Gesamtgewicht 5,5 kg/m².

Der Teppich kann nach Maß hergestellt werden (ein Vielfaches von 50 cm). Der Teppich ist in folgenden Farben erhältlich: Gips, Hanfseil Mélange, Petroleum, Rauch, Eisen und Titan Mélange. Die neue Farbe 2019: Salbeigrün und Kohle

N.B.: Die Maße des Teppichs insgesamt können um etwa 3 cm variieren, da sie, auch nach Maß handwerklich hergestellt und handgearbeitet sind.

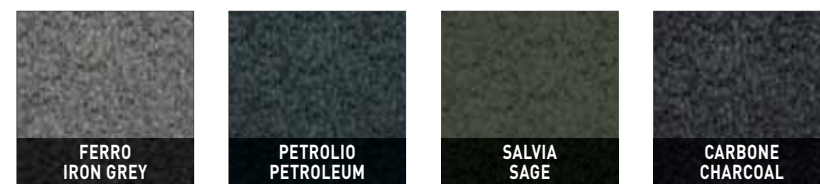

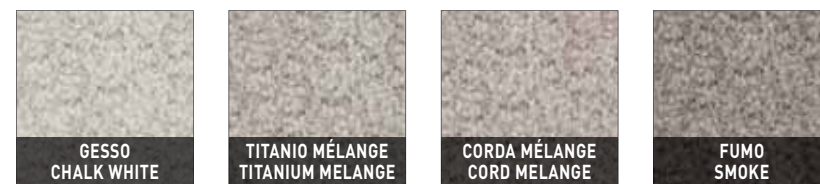

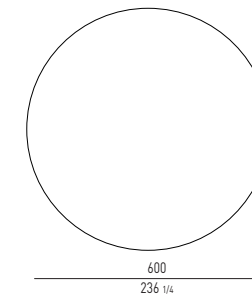

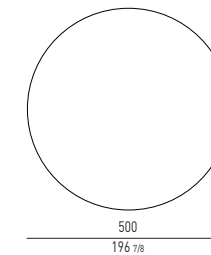

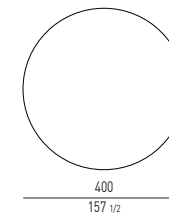

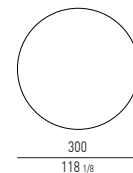

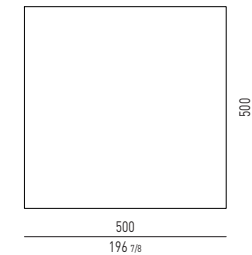

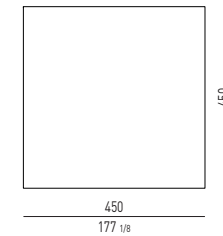

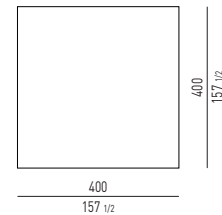

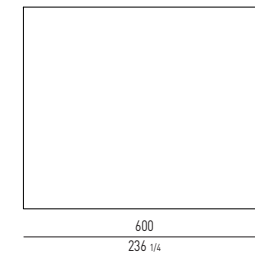

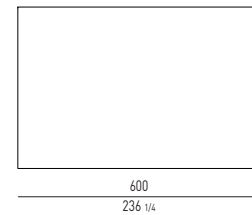

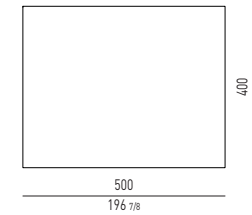

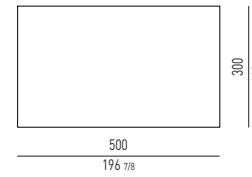

TEPPICH NACH MASS
Für die Herstellung eines Teppichs nach Maß ist eine Zeichnung im DWG Format erforderlich, mit detaillierten Maßen. Die Datei wird von unserer technischen Abteilung kontrolliert, die es sich vorbehält, die Zeichnung anzunehmen oder Abänderungen anzufordern, bevor mit der Herstellung des Teppichs begonnen wird.

\ 2019 OUTDOOR TECHNICAL DATA \

QUADRADO

Marcio Kogan / studio mk27 design

Struttura: in massello di teak, (Tectona Grandis - First European Quality), finitura naturale, stabilizzato in forni di essiccazione. Lavorazione eseguita su macchina a controllo numerico, assemblaggio a 45° con incastri a pettine e bloccaggio tramite spinature. La struttura presenta alcuni dettagli decorativi in metallo verniciato color Bronzo Chiaro lucido.

Cuscinitura: cuscini sedile in poliuretano espanso ad alta resilienza e viscofibra idrorepellente ecocompatibile, cuscini schienale completamente in viscofibra idrorepellente ecocompatibile.

Al fine di migliorare la protezione delle imbottiture da acqua e umidità, tutti i cuscini sono rivestiti con una fodera in poliestere con trattamento idrorepellente. Tutti gli accessori utilizzati per la confezione - cerniere, filo - sono idrorepellenti e pertanto idonei all'utilizzo outdoor.

Sfoderabilità: il rivestimento dei cuscini è completamente sfoderabile. **Piedini/Base:** in metallo verniciato color Bronzo Chiaro lucido. Gommino protettivo di colore Nero.

TAVOLI
Piano: in teak naturale con finitura ad olio, spessore cornice esterna mm 48, reticolo interno spessore mm 20.
Gambe: in scatolato di alluminio, rivestite con Polvere di Pietra Lavica.
Struttura: traversi in alluminio verniciato color Peltro lucido.
Piedini regolabili in acciaio inox, verniciati color Peltro lucido.
Scivolanti in ABS.

VASSOI PER TAVOLO
In Pietra Lavica, spessore 30 mm, spazzolata.
Il piano in pietra viene sottoposto ad un trattamento antimacchia, che tuttavia non ne garantisce la totale protezione.

PORTACANDELA PER TAVOLO
In teak naturale con finitura ad olio, con al suo interno una lastra di Pietra Lavica.

INFORMAZIONI TECNICHE SUL TEAK
La maturazione del teak è un processo naturale ed abbastanza veloce e tende a rendere questa essenza più omogenea nel tempo. Come la maggior parte dei legni, il teak non presenta venature e colore uniformi. Pertanto è possibile trovare sfumature di colore non perfettamente omogenee. Questo non deve essere ritenuto un difetto del materiale, bensì un pregio del legno massello.

La tonalità del suo colore iniziale, dovuta all'esposizione alla luce solare ed alla sua maturazione, può presentare delle sensibili variazioni anche in relazione alla latitudine geografica.

INFORMAZIONI TECNICHE SUL TEAK
Teak weathers naturally and fairly rapidly in a process that tends to make it appear more uniform over time. Like most kinds of wood, teak does not have uniform veining and colour. Therefore, it is possible to find slight variations in colour. This should not be considered a flaw but rather a valuable asset of solid wood. After exposure to sunlight and natural aging, the initial colour may undergo noticeable changes, also related to geographical latitude.

TECHNISCHE INFORMATIONEN ÜBER TEAKHOLZ
Teakholz ist einem natürlichen, ziemlich schnellen Reifungsprozess unterworfen, der das Holz über die Zeit hin homogener macht. Wie die meisten Holzarten, zeigt auch Teak keine regelmäßige Aderung und Färbung. Es können also nicht perfekt homogene Farbschattierungen entdeckt werden. Das ist kein Materialfehler, sondern ein Qualitätszeichen des massiven Holzes. Die anfängliche Farbtonung, die durch die Lichteinstrahlung und den Reifungsprozess bedingt ist, kann ebenfalls erhebliche Abweichungen, je nach der geographischen Herkunft, aufweisen.

Structure: in solid teak (Tectona Grandis - First European Quality), natural finish, kiln-dried. Worked on CNC machines, assembled at 45° with finger joints reinforced with dowel pins. The structure features decorative details in metal with glossy Light Bronze colour varnish.

Cushions: seat cushions in high resilience polyurethane foam and water-repellent, eco-friendly viscose fiber, backrest cushions completely made of water-repellent, eco-friendly viscose fiber.

To provide greater protection from water and moisture for the padding, all the cushions are covered in water-repellent polyester fabric. All the accessories - hinges, yarn - are waterproof and therefore suitable for outdoor use.

Covers: cushion upholstery covers are completely removable.

Feet/Base: in metal with glossy Light Bronze colour varnish. Protective Black rubber.

TABLES
Top: in natural teak with oil finish, exterior perimeter frame 48 mm thick, inner platform 20 mm thick.
Legs: in boxed aluminium covered in Lava Stone Powder.

Structure: aluminium crosspieces varnished glossy Pewter colour. Adjustable stainless-steel feet varnished glossy Pewter colour.
ABS glides.

TRAYS FOR TABLE
In Lava Stone, 30 mm thick, brushed finish. The stone top is treated for stain resistance but this does not guarantee total protection.

CANDLE HOLDER FOR TABLE
In natural teak with oil finish, with a Lava Stone slab inside.

INFORMATIONS TECHNIQUES SUR LE TEAK
La maturation du teak est un processus naturel et assez rapide, et a tendance à rendre cette essence plus homogène au fil du temps. Comme la plupart des bois, le teak ne présente pas de veines ni de couleurs uniformes. Il est par conséquent possible de trouver des nuances de couleur non parfaitement homogènes. Cela ne doit pas être considéré comme un défaut du matériau, mais comme une qualité du bois massif. Sa tonalité de couleur initiale, due à l'exposition au soleil et à sa maturation, peut également présenter des variations significatives en fonction de la latitude géographique.

Struktur: Aus massivem Teakholz (Tectona Grandis - First European Quality), Finish Nature, im Trockenofen stabilisiert. Bearbeitung mit numerisch gesteuerter Maschine, Montage im 45° Winkel mit Fingerzinkenverbindung und Blockierstift. Die Struktur ist mit einigen Details aus glänzendem hellbronzefarbig lackiertem Metall dekoriert.

Kissen: Sitzkissen aus Polyurethanschaum mit hoher Belastbarkeit und wasserabstoßender, umweltverträglicher Viskose, Rückenkissen komplett aus wasserabstoßender, umweltverträglicher Viskose.

Um der Polsterung besseren Schutz gegen Wasser und Feuchtigkeit zu bieten, sind alle Kissen mit einem Polyesterbezug mit wasserabstoßender Beschichtung versehen. Alle verwendeten Accessoires - Reißverschlüsse, Nähfäden - sind wasserabweisend, eignen sich also für den Außenbereich.

Abziehbarkeit: Die Kissenbezüge sind voll abziehbar.

Füßchen/Basis: Aus glänzendem hellbronzefarbig lackiertem Metall. Schwarzem Schutzgummi.

TISCHE
Platte: aus Natur-Teak geölt, Breite der Außenumrahmung 48 mm, internes Gitter von 20 mm Stärke.
Pièds: in aluminium moulé, recouverts avec Poudre de Pierre de Lave.

Structure: traverses en aluminium, laqués couleur Étain brillant. Petits pieds réglables en acier inox, laqués couleur Étain brillant. Patins glisseurs en ABS.

PLATEAUX POUR TABLE
En Pierre de Lave brossée, épaisseur 30 mm. Le plateau en pierre est soumis à un traitement antitache qui, toutefois, n'en garantit pas une protection totale.

BOUGEOIR POUR TABLE
En teak naturel fini à l'huile, avec une plaque de Pierre de Lave à l'intérieur.

Struttura: schienale e braccioli in metallo sottoposto a tre fasi di lavorazione: sabbiatura, primer zincante per esterno (favorisce e migliora l'aderenza della vernice di finitura) e verniciatura a polvere poliestere nel color Bronzo Chiaro lucido.

La struttura in metallo è rivestita da una fibra intrecciata, Ø 5 mm, con effetto midollino, disponibile nei seguenti colori: Fango e Liquirizia.

Sedile in legno con cinghie elastiche ad alta componente di caucciù, rivestito in poliuretano espanso a quote differenziate.

Cuscinitura: cuscini sedile e schienale in poliuretano espanso ad alta resilienza e viscofibra idrorepellente ecocompatibile. All' fine di migliorare la protezione delle imbottiture da acqua e umidità, tutti i cuscini sono rivestiti con una fodera in poliestere con trattamento idrorepellente.

Tutti gli accessori utilizzati per la confezione - cerniere, filo - sono idrorepellenti e pertanto idonei all'utilizzo outdoor.

Sfoderabilità: il rivestimento dei cuscini è completamente sfoderabile.

Base/Gambe: realizzate in metallo verniciato color Bronzo Chiaro lucido.

Piedini regolabili in acciaio inox, verniciati color Bronzo Chiaro lucido.

Scivolante protettivo in polietilene di colore Nero.

TAVOLINI

Struttura: in metallo, verniciato color Bronzo Chiaro lucido.

Finiture piano:

- Corian® EC, accoppiando due lastre di spessore 12+12 mm, color Elegant Grey;

- Beola Argentata, spessore mm 30.

Piedini regolabili con scivolante protettivo in polietilene di colore Nero.

Structure: metal backrest and armrests subjected to three processing phases: sand blasting, zinc primer for outdoor use (facilitates and improves adhesion of the finish paint) with polyester powder coat in glossy Light Bronze colour varnish.

The metal structure is covered in a wicker-effect braided 5 mm Ø fibre, available in the following colours: Mud and Licorice.

Seat in wood with high natural rubber content elastic webbing coated in variable density polyurethane foam.

Cushions: seat and backrest cushions in high resilience polyurethane foam and water-repellent, eco-friendly viscose fiber.

To provide greater protection from water and moisture for the padding, all the cushions are covered in water-repellent polyester fabric. All the accessories - hinges, yarn - are waterproof and therefore suitable for outdoor use.

Covers: cushion upholstery covers are completely removable.

Base/Legs: in metal with polished Light Bronze colour varnish. Adjustable stainless-steel feet varnished polished Light Bronze colour.

Black protective polyethylene glides.

COFFEE TABLES

Structure: in metal with polished Light Bronze colour varnish.

Top finishes:

- Corian® EC, 2 laminated sheets 12+12 mm, Elegant Grey colour;

- Silver Beola stone, 30 mm thick. Adjustable feet with Black protective polyethylene glides.

Struktur: Rücken und Armlehne aus, in drei Arbeitsphasen bearbeitetem Metall: Sandstrahlbehandlung, Auftragung eines zinkhaltigen Primers für den Außenbereich (verbessert und begünstigt die Haftung der Endlackierung) und mit glänzendem hellbronzefarbig Polyester-Pulverlackierung.

Die Metallstruktur ist mit einem Ø 5 mm geflochtenen Garn mit Rattan-Effekt bedeckt, erhältlich in den folgenden Farben: Schlamm und Lakritze.

Sitz aus Holz mit elastischen Gurten mit hohem Kautschukinhalt, bezogen mit unterschiedlich dick geschäumtem Polyurethan.

Kissen: Sitz- und Rücken kissen aus Polyurethanschaum mit hoher Belastbarkeit und wasserabstoßender, umweltverträglicher Viskose. Um der Polsterung besseren Schutz gegen Wasser und Feuchtigkeit zu bieten, sind alle Kissen mit einem Polyesterbezug mit wasserabstoßender Beschichtung versehen. Alle verwendeten Accessoires - Reißverschlüsse, Nähfäden - sind wasserabstoßend, eignen sich also für den Außenbereich.

Abziehbarkeit: Die Kissenbezüge sind voll abziehbar.

Bodengestell/Beine: Aus glänzendem hellbronzefarbig lackiertem Metall.

Verstellbare, glänzendem hellbronzefarbig lackierte, rostfreie Stahlfüßchen. Gleitschutz aus schwarzem Polyethylen.

BEISTELLTISCHE

Struktur: Aus glänzendem hellbronzefarbig lackiertem Metall.

Platte in folgenden Ausführungen:

- Corian® EC, zwei Platten, Stärke 12+12 mm, Farbe Elegant Grey;

- Silbergneis, Stärke 30 mm. Verstellbare Füßchen mit Gleitschutz aus schwarzem Polyethylen.

Struktur : dossier et accoudoirs en métal, soumise à un traitement en trois étapes : sablage, primer zinguant pour extérieur (favorise et améliore l'adhérence de la peinture de finition) et peinture poudre polyester couleur Bronze Clair brillant.

La structure en métal est recouverte d'une fibre tressée, Ø 5 mm, avec un effet moelle de rotin, disponible dans les couleurs suivants : Boue et Réglisse.

Siège en bois avec sangles élastiques à haute teneur en caoutchouc, recouvert de polyuréthane expansé à densité différenciée.

Coüssins : coussins d'assise et de dossier en polyuréthane expansé haute résilience et viscofibre hydrofuge écocompatible.

Afin d'améliorer la protection des rembourrages contre l'eau et l'humidité, tous les coussins sont recouverts d'une housse en polyester traité déperlant.
