— 2020 *Indoor* Collection

La 2020 Collection riflette un'area di gusto modernista contemporaneo e riafferma l'identità di Minotti legata al saper fare sartoriale di altissima qualità, proprio della *haute couture*, per creare un prodotto sempre più esclusivo. I nuovi sistemi di imbottiti, le sedute e gli arredi sono caratterizzati dalla purezza di forme e volumi, definiti da geometrie rigorose, con un *appeal* architettonico. A questi, fa da contrappunto una confezione ricercata nel gioco prezioso dei materiali e nell'esclusiva collezione tessile.
Un'eleganza silenziosa, mai gridata, dalla forte vocazione internazionale nello stile e nel design, ma assolutamente italiana nell'imprinting.
Questo il *fil rouge* che sottende alle creazioni firmate da un team di designer consolidato e coordinato da Rodolfo Dordoni con Minotti Studio. Con Rodolfo Dordoni, Nendo, Marcio Kogan / studio mk27, Christophe Delcourt e GamFratesi, la 2020 Collection guarda a Ovest, alle atmosfere sofisticate Mid-Century della California; a Est, al minimalismo formale del Giappone; a Nord, alla suggestione del rigore scandinavo, filtrati dalla sensibilità e dalla personalità ben definite della *maison*. La 2020 Collection sviluppa un linguaggio che fa proprio il *know-how* della tradizione legata al mondo della tappezzeria con un alto livello di confezione sartoriale. Si avvale della presenza di complementi d'arredo scultorei e di sedute con una forte personalità che rimandano agli anni Cinquanta, Sessanta e Settanta reinterpretandone lo spirito.
La collezione nasce per vivere in interni collocati a latitudini diverse, in Europa come nelle Americhe o in Asia, ed è stata progettata immaginando chi vi abita, i suoi gesti, i suoi rituali quotidiani, le sensazioni tattili, i materiali esclusivi, l'effetto della luce che illumina un piano in essenza o in marmo, il bagliore di un dettaglio in metallo. Arredi sofisticati come un abito sartoriale, a misura della propria personalità e inclinazione, nello spirito più autentico della tradizione progettuale di Minotti. Le diverse matrici culturali dei singoli designer si fondono e concorrono a dare forma e voce a un vero e proprio "progetto Minotti", carico degli stimoli dei diversi talenti creativi e portavoce di uno stile fortemente contemporaneo.

The 2020 Collection reflects a contemporary, modernist style and reaffirms the identity of Minotti, connected to the same high-quality sartorial *savoir-faire* found in *haute couture*, used to craft a range of products that are increasingly exclusive.
The new upholstered seating systems, seats and furnishing pieces are characterised by the purity of their shapes and volumes, defined by rigorous geometries with an architectural appeal. These are combined with a sophisticated tailoring thanks to the exquisite materials and the exclusive textile collection.
A silent elegance, never shouted, with a strong international vocation in terms of style and design, though entirely Italian in its imprinting.
This is the common thread in all the projects, designed by a strong team coordinated by Rodolfo Dordoni with the Minotti Studio. With Rodolfo Dordoni, Nendo, Marcio Kogan / studio mk27, Christophe Delcourt and GamFratesi, the 2020 Collection looks West, to the sophisticated Mid-Century atmospheres of California; East, to the formal minimalism of Japan; and North, to the striking rigour of Scandinavia, all filtered by Minotti's own well-defined sensitivity and personality. The 2020 Collection develops a language that embraces the know-how of the tradition related to the world of upholstery, with a high level of sartorial craftsmanship. It features sculptural complements and seating elements with a strong personality that look back to the Fifties, Sixties and Seventies, reinterpreting their spirit.
The collection was created for use in interiors located at different latitudes, in Europe, the Americas and Asia. It was designed imagining those living in them, their gestures and daily routines, tactile sensations, exclusive materials, the effect of the light as it illuminates a wooden or marble surface, and the gleam of a metal detail. Sophisticated furnishings, like a tailored suit, made to fit the user's personality and taste, in line with Minotti's design tradition.
The different cultural backgrounds of the designers merge and contribute to give shape and voice to the "Minotti project", which gathers the creative stimuli of the designers and is an exceptional example of contemporary style.

Die 2020 Collection spiegelt einen modernen und zeitgenössischen Bereich wider und unterstreicht mit immer exklusiveren Produkten einmal mehr die Identität von Minotti, die mit einem Spitzen-Know-how in puncto Schneiderkunst verbunden ist, die sonst der Haute Couture vorbehalten ist. Die neuen Polstergarnituren, Stühle und Möbel zeichnen sich aus durch eine Reinheit von Formen und Konturen, die durch strenge Geometrien mit architektonischem Charme definiert werden. Hierzu setzt eine auserlesene Verarbeitung mit einem edlen Spiel von Materialien und einer exklusiven Stoffkollektion einen Kontrapunkt.
Eine stille Eleganz, die niemals schreiend wirkt, und mit ihrem Stil und ihrem Design einerseits stark international ausgerichtet, doch andererseits absolut italienisch geprägt ist.
Dies ist der Leitfaden, der sich durch alle von einem bewährten Team von Designern unter der souveränen Koordination von Rodolfo Dordoni mit Minotti Studio entworfenen Kreationen zieht. Mit Rodolfo Dordoni, Nendo, Marcio Kogan / studio mk27 Christophe Delcourt und GamFratesi blickt die 2020 Collection nach Westen, auf die eleganten Mid-Century-Atmosphären Kaliforniens, nach Osten, auf den formalen Minimalismus Japans, und nach Norden, auf die Wirkung der skandinavischen Strenge, jeweils gefiltert durch die Sensibilität und den klar definierten Charakter des Hauses. Die 2020 Collection entwickelt eine Sprache, die das Know-how ausschöpft, das mit der Tradition der Polsterei-Welt und einer hochwertigen Schneiderkunst verbunden ist. Sie umfasst skulpturale Einrichtungsgegenstände und charakterstarke Sitzelemente, die an die fünfziger/sechziger/siebziger Jahre erinnern und den damaligen Geist neu interpretieren.
Die Kollektion ist für die Innenausstattung gedacht, die in ganz unterschiedlichen Breitengraden zu finden ist, in Europa wie auch in Nord- und Südamerika oder Asien, und wurde mit dem Gedanken an die Personen entwickelt, die in ihr leben, an ihre täglichen Rituale, das Berührungsempfinden, die exklusiven Materialien, die Wirkung von Licht, welche eine Oberfläche aus Holz oder Marmor beleuchtet, und den Glanz eines Details aus Metall. Möbel, die so erlesen sind wie ein maßgeschneiderter Anzug, zugeschnitten auf die eigene Persönlichkeit und Neigung, im ursprünglichsten Geist der Designtradition von Minotti. Die unterschiedlichen kulturellen Herkünfte der einzelnen Designer verschmelzen miteinander und tragen dazu bei, einem echten "Minotti Projekt" Form und Stimme zu verleihen, das voller Anreiz der unterschiedlichen kreativen Talente und Sprecher eines stark zeitgenössischen Stils ist.

De style moderniste contemporain, la 2020 Collection réaffirme l'identité de Minotti, indissociable d'un savoir-faire sur mesure d'excellence digne de la haute couture et à même de créer des produits toujours plus haut de gamme. Les nouveaux systèmes de meubles rembourrés, les sièges et les meubles se distinguent par la pureté de leurs formes et de leurs volumes définis par des géométries rigoureuses au charme architectural. Un aspect que contrebalance le raffinement de la confection qui joue sur une précieuse association des matières et une collection de tissus exclusive.
Une élégance silencieuse sans jamais être ostentatoire et une envergure internationale en termes de style et de design qui demeure toutefois résolument italienne dans ses influences.
Tel est le fil rouge des créations signées par l'équipe consolidée de designers savamment coordonnée par Rodolfo Dordoni et Minotti Studio. Avec Rodolfo Dordoni, Nendo, Marcio Kogan / studio mk27, Christophe Delcourt et GamFratesi, la 2020 Collection se tourne à la fois vers l'Occident, avec les atmosphères sophistiquées du Mid-Century Modern de la Californie, vers l'Orient, avec le minimalisme formel du Japon, et vers le Nord, avec la rigueur du style scandinave. Tout cela à travers le prisme de la sensibilité et de la personnalité bien définies de Minotti. La 2020 Collection développe un langage qui s'approprie le savoir-faire traditionnel du monde des tissus d'ameublement en y apportant un haut niveau de confection haute couture.
Elle est étoffée par des compléments d'ameublement sculpturaux et des sièges à forte personnalité qui évoquent et réinterprètent l'esprit des années Cinquante/Soixante/Soixante-dix.
La 2020 Collection a été conçue pour trouver sa place dans les maisons du monde entier, aussi bien en Europe, en Asie qu'en Amérique. Elle a été pensée en imaginant les occupants, leurs gestes, leurs rites quotidiens, leurs sensations tactiles, le luxe des matières, l'effet de la lumière éclairant un plateau en bois ou en marbre, l'éclat d'un détail en métal.
Des meubles aussi sophistiqués que des vêtements de haute couture, confectionnés pour répondre à la personnalité et aux goûts de chacun dans le plus pur esprit de la tradition créative de Minotti.
Les deux différentes matrices culturelles de chaque designer se mélangent et contribuent à la réalisation d'un véritable "projet Minotti" qui est caractérisé par les élans de talents différents et créatives et joue son rôle de représentent du style fortement contemporain.

— 2020 *Outdoor* Collection

L'interesse crescente per il vivere *open air* ha catalizzato l'attenzione per le collezioni progettate per l'outdoor, pensato come un'estensione del living, senza soluzione di continuità tra interno ed esterno. Un'atteggiamento che Minotti ha già da tempo espresso nel concept dei suoi progetti per arredare gli spazi all'aperto, come giardini e terrazzi privati, *dehors* di strutture hospitality, marine o yacht. Spazi che invitano al relax, siano essi angoli di natura urbana, esterni immersi nel verde, o affacciati sull'acqua.
La 2020 Outdoor Collection sviluppa questi principi con proposte di design mirate, che nascono da culture progettuali diverse, ma pensate per convivere in un dialogo armonico. Punta sull'indipendenza del pezzo singolo, con una propria identità, un carattere originale, ma con la versatilità necessaria a disegnare composizioni per arredare spazi importanti e da mixare con elementi di segno diverso della 2020 Outdoor Collection.
La collezione, coordinata da Rodolfo Dordoni con Minotti Studio, accoglie progetti firmati da designer che appartengono alla scena internazionale quali GamFratesi, Marcio Kogan / studio mk27 e lo stesso Dordoni.
Gli elementi d'arredo outdoor riprendono le geometrie primarie - quadrato, rettangolo, cerchio - che rappresentano uno dei tratti caratterizzanti la 2020 Indoor Collection. L'aspetto *couture*, altro leitmotiv dei progetti di Minotti per l'interior design, si ritrova nel raffinato accostamento dei materiali, nella scelta di essenze naturali preziose, nelle finiture ricercate, nelle texture e nella mano tattile dei rivestimenti tessili.
Importante complemento è il tappeto, sempre in versione outdoor, concepito come un vassoio per valorizzare al meglio il living all'aperto.

The rising interest in open air living has increased the focus on collections designed for outdoor spaces, conceived as an extension of the indoor living room, where the borders separating indoors and outdoors cease to exist.
Minotti has used this approach for some time now in its designs for furnishing open air spaces, such as private gardens and terraces, the outdoor areas of hospitality facilities, marinas or yachts. Spaces with an inviting, relaxing vibe, whether they are corners of urban nature, exteriors nestled in the lush green landscape or overlooking the water.
The 2020 Outdoor Collection develops these principles with targeted design proposals, which originate from different design cultures but are conceived to co-exist in a harmonious dialogue. It focuses on the independence of the individual pieces, each with its own identity and original personality, but also with the versatility required to design compositions that can furnish large spaces, and to be mixed with other elements of different styles from the 2020 Outdoor Collection.
The collection, coordinated by Rodolfo Dordoni with Minotti Studio, hosts pieces by leading international designers, such as GamFratesi, Marcio Kogan / studio mk27 and Dordoni himself.
The outdoor furniture pieces are based on the main geometric shapes - square, rectangle, circle -, one of the characterising features of the 2020 Indoor Collection. The *couture* aspect, another leitmotiv of Minotti's interior design projects, can be found in the sophisticated juxtaposition of the materials, in the choice of precious natural wood types, in the exquisite finishes, the textures and the tactile feel of the textile coverings.
One important furnishing accessory is the rug, again in the outdoor version, conceived as a tray which illustrates the maximum potential of the open-air living area.

Das zunehmende Interesse daran, Zeit im Freien zu verbringen und den Außenbereich als eine Erweiterung des Wohnraums ohne Unterbrechung zwischen Innen und Außen zu verstehen, hat die Aufmerksamkeit auf Outdoor-Kollektionen gelenkt. Eine Einstellung, die Minotti schon lange im Konzept seiner Projekte für die Gestaltung von Außenbereichen wie privaten Gärten und Terrassen, Outdoor-Zonen in Hospitality-Anlagen, Marinen oder Yachten, zum Ausdruck gebracht hat. Bereiche, die zur Entspannung einladen, seien es Ecken in städtischer Natur oder Außenbereiche mitten im Grünen oder am Wasser.
Die 2020 Outdoor Collection entwickelt diese Prinzipien mit gezielten Designer-Ideen, die aus unterschiedlichen Designkulturen stammen, aber alle auf ein Miteinander in einem harmonischen Dialog ausgelegt sind. Sie setzt auf die Unabhängigkeit des Einzelstücks, das eine eigene Identität und einen originellen Charakter hat, aber doch ausreichend vielseitig ist, um Kompositionen zur Ausstattung von bedeutenden Außenbereichen zu schaffen und auch Elemente mit andersgearteter Prägung der 2020 Outdoor Collection miteinzubeziehen.
Die von Rodolfo Dordoni mit Minotti Studio koordinierte Kollektion umfasst Projekte von Designern, die sich international einen Namen gemacht haben, wie GamFratesi, Marcio Kogan / studio mk27 und Dordoni selbst.
Die Outdoor-Möbel greifen die primären geometrischen Formen – Quadrat, Rechteck und Kreis – auf, welche zu den typischen Merkmalen der 2020 Indoor Collection gehören. Der Couture-Aspekt, das andere Leitmotiv der Inneneinrichtungsprojekte von Minotti, zeigt sich in der edlen Kombination der Materialien, der Auswahl der erlesenen Naturhölzer, der exklusiven Verarbeitung, den Texturen und der haptischen Beschaffenheit der Stoffbezüge.
Wichtiges Accessoire ist der Teppich, der in der Outdoor-Version als ein Tablett konzipiert ist, um den Wohnbereich im Freien zu optimieren.

L'intérêt croissant pour l'art de vivre en plein air a focalisé l'attention sur les collections conçues pour l'extérieur, un espace appréhendé comme un prolongement du séjour sans interruption entre le dehors et le dedans.
Un concept que Minotti concrétise depuis longtemps dans ses projets d'aménagement d'extérieur : jardins, terrasses privées, terrasses publiques de l'hôtellerie-restauration, bateaux ou yachts. Autant d'espaces qui invitent à la détente, qu'il s'agisse de petits coins de végétation en ville ou d'espaces extérieurs au cœur de la nature ou donnant sur l'eau.
La 2020 Outdoor Collection décline ses principes à travers des solutions design ciblées et fruits de cultures créatives distinctes mais toujours pensées pour coexister dans un dialogue harmonieux. Elle mise en effet sur l'autonomie de chaque produit, doté de sa propre identité et de son caractère original mais ayant la polyvalence nécessaire pour donner naissance à des compositions permettant de meubler de grands espaces en mélangeant les différents éléments de la 2020 Outdoor Collection.
Coordonnée par Rodolfo Dordoni en collaboration avec Minotti Studio, la 2020 Outdoor Collection réunit des projets signés par des designers de renommée internationale tels que GamFratesi, Marcio Kogan / studio mk27 et Dordoni lui-même.
Les produits d'ameublement pour le plein air reprennent les géométries primaires - carré, rectangle et cercle - qui constituaient l'une des caractéristiques distinctives de la 2020 Indoor Collection. L'aspect haute couture - un autre leitmotiv des projets d'aménagement d'intérieur de Minotti - se retrouve dans le mariage raffiné des matières, dans le choix d'essences naturelles nobles, dans les finitions recherchées, dans les textures et dans le doux toucher des revêtements textiles.
Les tapis représentent des compléments de premier plan. Toujours en version pour extérieur, ils sont conçus comme des plateaux permettant de valoriser autant que possible l'art de vivre en plein air.
